Beautiful Flowers

PENROSE NURSERIES

Robert Scott & Son

19th and Catharine Sts.

Philadelphia, Pa.

A Few Remarks about Ordering.

WE enclose with this Catalogue an envelope and order sheet, which will be convenient in making out a list of the plants and seeds wanted. We will supply additional order sheets when requested, but orders can also be written on plain paper. Please write only one variety on a line. PLEASE BE VERY SURE, before mailing your order, that you have written your NAME, POST OFFICE, COUNTY, and STATE plainly. Ladies are requested to put Miss or Mrs. before their names, so that we can address the packages properly.

If you want Flower Seeds immediately, and are not ready to receive plants and bulbs, you can include all in one order, and we will be very careful to send the plants at the time requested, mailing the seeds at once. If you send a general order, without special instructions, we will understand that you want the entire order filled immediately upon receipt.

PLEASE FORWARD MONEY with the order, and at our risk if sent by registered letter, post-office order, bank draft, cash by express, or express money order. Stamps are convenient for making change, and while we prefer money, we WILL RECEIVE CLEAN POSTAGE STAMPS AT PAR VALUE, the same as cash. Please add up your order carefully, and forward the exact amount, after deducting the discounts offered below.

IT IS VERY SELDOM that an order is lost or stolen, but, in case of such an accident, it is well to keep a copy of your order. Then, if you do not hear from us in a reasonable time, write us, stating date of order, amount, how sent, and enclose a duplicate. We hold ourselves responsible for the safe arrival, in good condition, of all plants, bulbs, and seeds we send out, and will immediately replace any plants that may have died or been lost from delay in the mails.

PLANTS, SEEDS, AND BULBS FREE BY MAIL. We send all varieties of Plants, Bulbs, and Seeds, securely packed, POSTPAID, BY MAIL, without extra charge. In Roses, many thousands are grown expressly for mailing,—all our mail plants are strong and vigorous, and are really superior to plants usually sent by mail. THE MAIL BUSINESS is a specialty with us, as thereby we can introduce our grand novelties and specialties into even the most distant homes, where the express charges would be too excessive.

PLANTS BY EXPRESS. Our "Special Express size" Roses are grown especially for sending by express, and are too large to send by mail. We also give larger plants of other flowers, wherever possible, when ordered sent by express. We recommend having plants sent by express when the order is large and the distance not too great. The purchaser pays the charges upon the receipt of the box, but we always put in some fine extra plants. We also generally give choice "*extras*" on mail orders.

DISCOUNTS. We offer the following discounts on **Plants** and **Bulbs** to those who will get up a club. These apply to both mail and express orders:—

Purchasers sending	$3.00	can select	PLANTS	and	BULBS	amounting to	$3.30.
" "	5.00	"	"	"	"	"	5.60.
" "	10.00	"	"	"	"	"	12.00.
" "	25.00	"	"	"	"	"	30.00.

DISCOUNTS ON FLOWER SEEDS. We allow purchasers to select ANY FLOWER SEEDS, in separate packets, to **the value of $1.50 for each $1.00 sent us.**

This large discount of one-third applies **only to Flower Seeds, at packet prices, and cannot be allowed on collections or combination offers.** Our FLOWER SEEDS are *extra choice*, and we want to develop this branch of our business, therefore we offer this liberal inducement to get up clubs. ☞ Please notice the Cheap Collections of new and standard Flower Seeds, pages 21 to 28 of this Catalogue. We want to supply all our customers for plants with Flower Seeds also, and are quite confident that better or cheaper (for quality) Seeds cannot be had anywhere.

PENROSE NURSERIES, PHILADELPHIA, PA.

THE EXCELSIOR FERTILIZER.

Makes Plants Grow and Bloom Luxuriantly, and Drives Insects from the Soil.

This excellent FERTILIZER is the only thing of the sort which can be used with good results to Pot Plants. It is used by dissolving a teaspoonful in a pint of water, and applying to the soil of Pot Plants every week or two. It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only Artificial Fertilizer which can be used without danger of injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. Mr. Eben E. Rexford says: "There is nothing so convenient to use, or better in results, than the Excelsior Fertilizer, especially for Pot Plants. To leach manure is not a pleasant job, and most people will let their plants suffer for something of this sort rather than be to the trouble of preparing it. For all such this Fertilizer is exactly what is needed. It produces a vigorous and healthy growth, and plants to which it is given flower very freely and finely."

Price—Trial packages of 6 to 8 ounces, 25 cents each, postpaid.

SCOTT'S SPECIALTIES.

A GLANCE through the following pages will demonstrate very clearly that we are **SPECIALISTS**, and catalogue only **PLANTS, SEEDS,** and **BULBS** of proved worth. Our great specialty is **ROSES,** and our enviable reputation has been built up by a lifelong study of the growth, culture, and selection of the Queen of Flowers. Our list of varieties is acknowledged by experts to be **THE BEST IN THE COUNTRY,** and we can only maintain this high standard by constantly testing every known variety, both new and old, and by offering to our customers the **BEST VARIETIES ONLY.** Our aim has always been to admit to our Catalogue only the varieties that have some individual merit; to give honest descriptions and truthful illustrations, and to guarantee each plant to be true to the label it bears. From the thousands of letters we have received we know our efforts have been appreciated, and for 1893 we have all the new varieties of merit, and our stock of standard sorts has never been in a healthier or better condition. In our specialties **WE ARE HEADQUARTERS,** and grow them in larger quantities than any other firm in the United States. If you are interested in **FLOWERS** and desire the **BEST VARIETIES** and the **STRONGEST PLANTS FOR THE LEAST MONEY,** send us a trial order, and we know you will be more than pleased with the investment. We invite a comparison of stock, and know we can give you both satisfaction and pleasure.

GARDENING

Edited by WILLIAM FALCONER, and published twice a month at $1.00 a year, by the GARDENING Co., Chicago. This paper is conducted in an absolutely untrammeled, straightforward, and disinterested manner. We do not sell plants, flowers, seeds, fruits, vegetables, or any other horticultural commodity, and are not personally interested in the sale of any of them; therefore our teachings and opinions are reliable, perfectly independent, and unbiased. The editor is a life-long, practical horticulturist, and he has secured the co-operation of a staff of specialists in the several branches of gardening.

It recognizes the multitude of people who have small gardens, or who wish to have them, who love beautiful flowers, or trees, or shrubs, or other plants, or good fruits and vegetables.

We consider the above-mentioned periodical the most valuable gardening journal issued, and are glad to assist in the dissemination of such reliable and useful gardening literature. Subscriptions should be sent direct to us. Price $1.00 a year—twenty-four numbers.

THE BEST New Roses for 1893.

MADAME CAROLINE TESTOUT. A new Hybrid Tea that will take equal rank with "La France," to which it bears resemblance. It has the same form, but the color is a deep satiny rose, with a brilliant pink center. This grand new Rose has already become very popular in New York, and many rose growers predict that before another year it will have taken the place of La France. Strong plants 35 cts. each.

AUGUSTA VICTORIA. A splendid new Tea Rose of vigorous growth and rich, glossy foliage. The flowers are produced singly on long stems, and are extra large and very double; color pure white, shading to lemon-yellow. One of the best new Roses, and equally valuable either for cut flowers or for bedding. 50 cts. each.

MADAME PERNET DUCHER. This charming new Hybrid Tea will be especially desirable as a rose for cut flowers or for wearing. The buds are long and pointed, of a sulphur-yellow color, deepening toward the center to golden-yellow. The open flower is semi-double and changes from a yellow to a pure ivory-white; very fragrant and of a free-flowering habit. 35 cts. each.

☞ Note our special offer for this superb new variety on fourth page cover.

H. PLANTAGENET. Extra large globular flowers, very fine form and very double; color china rose, reverse of petals deep pink. 35 cts. each.

RUBY GOLD. A new Rose of American origin, resembling very much Souv. de Lady Ashburton, but the habit of growth is dwarfer. Color coppery-rose, shaded with golden-yellow. 20 cts. each.

SOUV. DE LADY ASHBURTON. A strong, vigorous Tea Rose, with flowers large and full. The color is almost indescribable in its rich and varied tints. Coppered yellow, salmon-red, and brilliant crimson are the prevailing colors; sometimes they are blended with a light salmon-rose. A splendid variety for cut flowers in the summer, as it is a constant bloomer and has a delightful peach fragrance. Awarded first prize wherever exhibited in France. 20 cts. each.

MRS. PAUL. A new English Bourbon Rose, with extra large flowers of a bluish-white color, shading to rosy peach at the center. In the open flower the petals are reflexed like a camellia. Very vigorous in growth, with rich, massive foliage. Awarded the gold medal in England in 1890. 50 cts. each.

L'IDEALE. A climbing Noisette Rose, of a new color; yellow and metallic-red, tinted golden-yellow. The exquisite blending of the different colors and the beautiful buds will make this variety popular wherever planted. 35 cts. each.

MAD. PIERRE COCHET. A new French everblooming climber, sent out by the editor of the *Journal des Roses*. The color is a beautiful orange-salmon, with finely-formed buds, very double and fragrant. This variety is not hardy in the Northern States, and should have the same treatment as Marechal Niel. 25 cts. each.

☞ One strong plant each of the above nine new Roses for $2.50, postpaid.

Eight Superb New Roses for $1.00.

All are Ever-Blooming and Fragrant.

We take pardonable pride in offering this collection of new Roses, for not only are all the sorts distinct and valuable, but *the stock of some of the varieties cost us less than a year ago* $5.00 *per plant.* Now, the price for one good, strong plant of each of the eight superb new Roses is almost as low as for standard sorts. They are vigorous, healthy sorts that we can recommend for general planting, are very fragrant, and embrace a wide range of color.

MARION DINGEE. A splendid new bedding Rose of short, compact growth and a most constant and profuse bloomer. The color is deep crimson, changing to carmine with age. 25 cts. each.

MAD. BESSONEAU. A new French Rose, having luxuriant foliage and beautiful large double flowers. The color is light yellow, shaded with saffron; very sweet, and one of the best new Roses for 1893. 35 cts. each.

CHAMPION OF THE WORLD. A very hardy ever-blooming Rose—introduced last year. The flowers are borne in clusters, and are very freely produced; color bright coral pink. Strongly resembles Mrs. De Graw. 20 cts. each.

PERNET'S TRIUMPH. A grand new Hybrid Tea Rose of a bright red color, shaded with carmine. The buds are extra large and pointed, and are produced singly on long stems. A splendid new Rose, either for cut flowers or for bedding. 25 cts. each.

MAD. SABLAYROLLES. A superb sort, equally valuable for foliage and flowers. The foliage is thick and leathery, of a dark, rich green, with the young foliage of bright crimson. Magnificent buds of salmon-yellow, edge of petals bordered with delicate rose. Large, thick petals and delightful tea fragrance. 20 cts. each.

CHRISTINE DE NOUÉ. A splendid free-flowering Rose of a rich crimson color, shading to deep pink in the center; large, broad petals, beautiful buds, and deliciously sweet. A promising new Rose, and will be a formidable rival for Papa Gontier, as the petals are larger and have more substance. 20 cts. each.

MAD. OLGA. Pure white, center pale chrome-yellow. The flowers are medium to large in size, very double, with almost innumerable petals, which grow smaller and become slightly twisted and imbricated toward the center. A free bloomer. 20 cts. each.

METEOR. A remarkably rich, dark velvety crimson, Hybrid Tea Rose. It is a constant and good bloomer, very vigorous and healthy in growth, with no tendency to mildew. *No red Rose ever before offered retains its color as does the Meteor.* 20 cts. each.

FOR $1.00 we will send, postpaid, one good, strong plant each of the above eight superb Roses. Purchased separately they would cost $1.85.

THE RED, WHITE, AND PINK

La France Roses and Mrs. De Graw

FOR 50 CENTS POSTPAID.

All are **very fragrant, hardy,** and **constant bloomers.** Every lover of beautiful Roses is familiar with **La France,** *the Queen of Roses,* and from this grand Rose, **Duchess of Albany** and **White La France** have been raised. **Mrs. De Graw** has stood ten degrees below zero in winter, and is always in bloom during the summer. Last year we sold over *nine thousand collections* of these four grand Roses, and we repeat our offer this year, so that all our customers can have four of the best Roses in cultivation at a very moderate cost.

WHITE LA FRANCE (Augustine Guinoisseau). A seedling from "La France," retaining the habit of growth, fragrance, and blooming qualities of the parent variety; with flowers of a pearly white, shading toward the center to light rose. The soft and delicate tints, the delicious fragrance, and large flowers of this superb new variety will delight every lover of beautiful Roses. 20 cts. each.

DUCHESS OF ALBANY. A sport from *La France,* and retains all the characteristics of the type, with the blooms *three to four shades darker* of a deep rose-pink hue. The flowers are produced in *wonderful profusion* upon long stems, are *very large, double,* and of *superb form.* The growth is vigorous, with light-green foliage. 20 cts.

LA FRANCE. A general favorite, and is the sweetest of all roses; color silvery rose, changing to pink; very large, full, globular; a most constant bloomer. If the buds remain firm, by pressing gently the point and blowing into the center the flowers will almost invariably expand. 15 cts. each.

MRS. DE GRAW. A variety we can recommend, as it is entirely hardy and equals the tender sorts in profusion of bloom from early summer until frost. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong grower that it is almost impregnable against the attacks of insects which destroy some of our finest roses. Unequaled both for the garden and for the cemetery. 20 cts. each.

FOR FIFTY CTS. we will send, postpaid, one good, strong plant each of the **Red, White, and Pink La France Roses** and **Mrs. De Graw.**

The Mary Washington Rose.

This Rose, so widely advertised during the past year, is claimed by the introducer to have originated in the garden of George Washington, at Mount Vernon, over one hundred years ago. It is an ever-blooming climbing Rose of vigorous and rapid growth, and makes a profusion of fine buds, which are borne in large clusters. The flowers are of medium size, pure white, perfectly double, very sweet, and borne in endless numbers all summer. Strong plants, guaranteed genuine. 20 cts. each; 7 for $1.00, postpaid.

Four Ever-Blooming Climbing Roses for 50 Cts.

Strong, healthy-growing varieties, blooming throughout the summer and autumn, and embracing one strong plant each of **Mad. Pierre Cochet,** for description see page 2; **Climbing Perle des Jardins,** a sport from the well-known favorite, Perle des Jardins; **Climbing Niphetos,** pure white, like Niphetos, but larger; **Chromatella,** rich golden-yellow, very fragrant. ☞ **Four plants** in all for only **50 cts.,** or, if ordered with **Mary Washington,** we will send the five plants for **65 cts.,** postpaid.

MAD. ELIE LAMBERT.

INTRODUCTION-BOX of 12 ROSES for $1.00.

OUR INTRODUCTION-BOX OF ROSES, carefully prepared each spring, has been a most important factor in bringing our large Rose business to its present high standard. This special box does not contain a collection of untried varieties, but embraces **twelve** of the **best standard Roses**, which will thrive, with ordinary care, in any garden. We send out **strong, healthy plants** that are **true to the label they bear,** and *we personally select the varieties.*

MAD. ELIE LAMBERT (see illustration). The flowers are medium to large in size, and very beautifully formed in the shape of a globous cup of exquisite grace. Color, carnation rose of a delicate freshness, with the outer petals pearly white. A charming variety, of which we cannot speak too highly.

WOOTTEN. A Hybrid Tea Rose, with foliage of substantial texture, and the *grand flowers are as large as the hybrid Perpetual, of a rich crimson color.*

ANTOINE VERDIER. Extremely beautiful flowers, bright, glowing pink, beautifully shaded with rich crimson; large and globular, very full and sweet.

LA FRANCE. The sweetest of all roses; color silvery rose, changing to pink; very large, full, globular; a most constant bloomer.

MARIE GUILLOT. One of the most useful Roses in the entire list. Flowers are large, very full, and double; color pure white, shaded with pale yellow.

THE GEM. A vigorous grower and a profuse bloomer. The blooms are of large size, the color is creamy white, shading to yellow toward the base of the petals.

MADAME HONORE DEFRESNE. An exquisite Tea Rose of a new color. Flowers are of medium size, with thick petals, being extremely beautiful in bud. Color *canary yellow, shaded with apricot.*

COQUETTE DE LYON. A lovely Tea Rose; exquisite canary yellow; flowers large, very full, and sweet scented; a vigorous grower and a profuse bloomer.

PERLE DES JARDINS. Canary yellow; large or very large; full, well formed, stiff stems; very free; a superb Rose for forcing, and fine also for the open air.

HERMOSA. A beautiful and useful Rose, blooms in fine clusters; medium size, very double; color beautiful, clear rose; a constant bloomer; hardy.

MARIA LAMBERT, or **White Hermosa.** Flower pure white, of medium size; a constant bloomer, and hardy.

J. B. VARONNE. A truly splendid Rose, both in form and substance; superb, elongated buds, and extra large, rose-shaped blooms; color intense scarlet-crimson, very rich and bright, beautifully shaded with salmon-yellow or buff-rose at the center; very fragrant.

☞ **ONE DOLLAR** buys *one good strong plant* each of the **above twelve Roses,** neatly boxed, and guaranteed to arrive in fine condition at any post office in the United States.

BEDS OF EVER-BLOOMING ROSES.

It is always best to plant Roses in beds, because they are more attractive, and the plants grow and bloom better than if planted with other flowers. Upon the selection of varieties depends in a large measure the success of the bed. If a constant supply of flowers is wanted, we know of no better variety to plant than Clotilde Soupert (see illustration). This beautiful Rose has a wonderful record as a flower producer. While a comparatively new Rose it has become so popular that our customers, who at first purchased a single plant, are now ordering it by the dozen and hundred. In writing about their success, they almost invariably tell us that it is a Rose never without a beautiful flower, and the most satisfactory of all Roses for bedding. Last year we sold over sixteen thousand mailing-size plants, and for 1893 we have not only provided an immense stock of young, thrifty plants for mailing, but have a splendid stock of our two-year-old size that will make an effect at once. The growth is vigorous and compact. The flowers are medium in size, very double, and of a pearly white color, shading to a center of rosy pink. It has stood ten degrees below zero without protection.

CLOTILDE SOUPERT. Strong mailing plants from 2½-inch pots 15 cts. each; 4 for 50 cts.; 10 for $1.00; 24 for $2.00; 50 for $3.75; 100 for $7.00.

Two-year-old, special express size. 35 cts. each; $3.25 per doz.

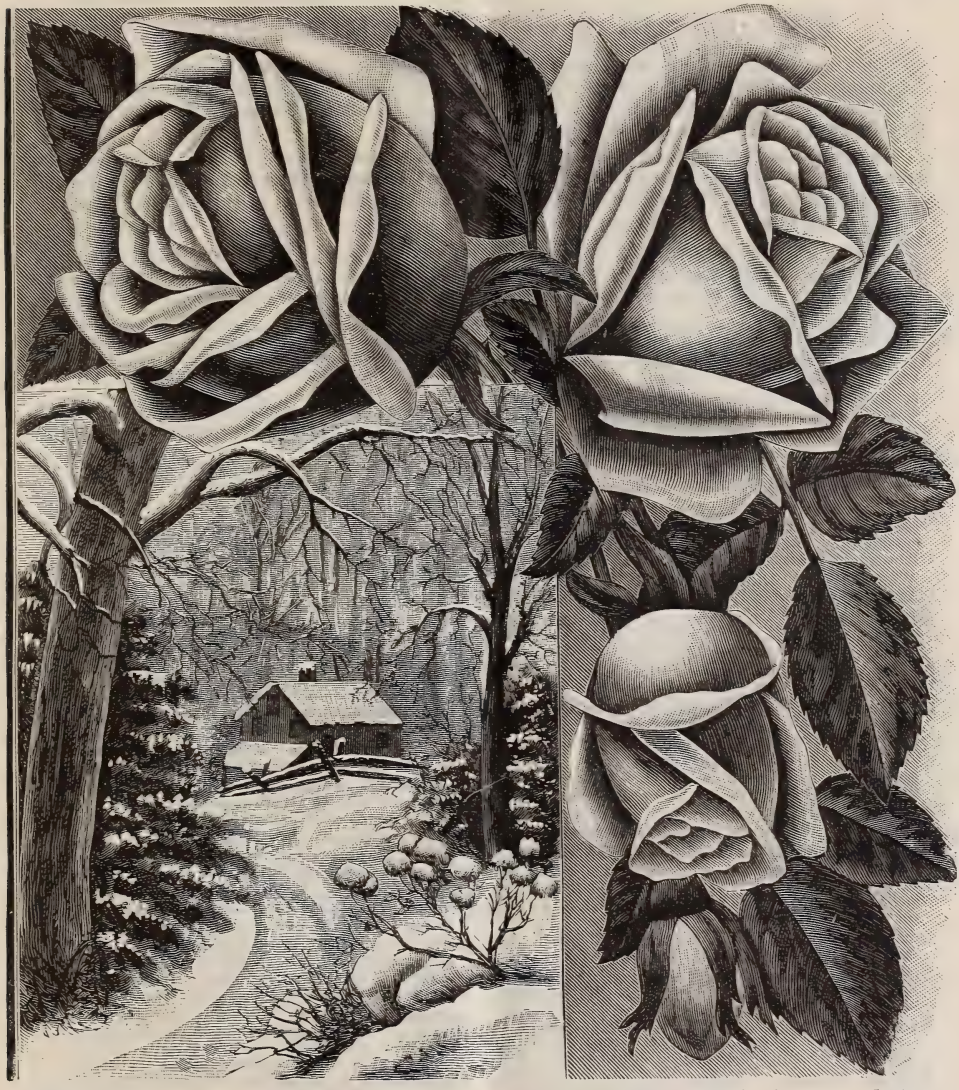
Two-year-old, field grown. Extra large specimens 50 cts. each; $5.00 per doz.

MARION DINGEE, illustrated on page 3, is a splendid companion to Clotilde Soupert; the habit of growth is short and compact, and the flowers are rich crimson. Strong mailing plants from 2½-inch pots 25 cts. each; $2.00 per doz.; $15.00 per 100, postpaid.

In planting use CLOTILDE SOUPERT for the center and MARION DINGEE for the border.

FOR $3.00 we will send, postpaid, **eighteen Clotilde Soupert** and **twelve Marion Dingee**—thirty Roses in all, that will plant a circular bed (as per illustration above) four feet in diameter. We make this specially low offer to induce all our customers to try these two Roses this year.

FOR $2.00 we will send, postpaid, thirty assorted Roses, our selection, of the best varieties suitable for a four-feet circular bed.



Winter-Blooming Roses.

We have received so many letters from our customers asking for Roses that will flower in winter, that we have selected six of the best Roses in cultivation for this purpose, and offer them at a popular price. Some of the varieties are scarce and valuable, but we have provided an immense stock and hope to fill all orders. For cultural directions, see "Hints on Growing Scott's Beautiful Flowers." Sent on receipt of 10 cts. in stamps.

THE QUEEN. A vigorous, healthy grower, and one of the heaviest and most continuous of bloomers. The flowers are large and full, color pure snow white, and very sweet; very beautiful buds, opens well, and has good substance. Splendid for pot culture. 20 cts. each.

MADAME CUSIN. A striking and beautiful Rose; color bright purplish crimson, with white center, tinged and shaded with yellow. The flowers of this Rose, when cut, will last longer than any other variety.

PERLE DES JARDINS. Canary yellow; large, or very large; full, well-formed buds and flowers; stiff stems; very free; a superb Rose for forcing, and fine also for the open air.

CATHARINE MERMET. Color flesh-colored rose; large, full, and of exquisite form; grown extensively for buds.

CLOTILDE SOUPERT. Flowers are medium size, very freely produced, of the most perfect rounded form, very double and sweet. The color is pearl white, deepening to peach at the center.

PAPA GONTIER. Large, finely-formed buds and flowers, full and fragrant. This variety will be much sought after on account of its beautiful buds for wearing and for vases; the flowers are large and long, with thick, broad petals of a dark crimson, changing to pale rose. Always a favorite.

For Fifty Cents we will send one good strong plant each of the above six winter-blooming Roses, postpaid. ☞ Please note that for House Culture this collection of Roses is the best ever offered. The price speaks for itself.

BEAUTIFUL EVER-BLOOMING ROSES.

This list contains the BEST of all the ever-blooming Roses, all the varieties having been thoroughly tested by us. They are remarkable for quick and constant bloom, exquisite beauty, and delicious fragrance. For cultural directions, see **"Hints on Growing Scott's Beautiful Flowers,"** sent on receipt of 10 cts. in stamps.

SIZE OF ROSES.—Mailing size are grown in 2½ inch pots, and are healthy, vigorous plants that cannot fail to give satisfaction. **Our Special Express Size Roses** are *two-year-old plants* that bloom and produce an effect at once. For list of varieties of this size, see page 12.

☞Our Roses are all on their own roots. No budded or grafted Roses sent out.

PRICES, EXCEPT WHERE NOTED.—GOOD, STRONG PLANTS, BY MAIL, POSTPAID, PURCHASER'S CHOICE OF VARIETIES, 10 CTS. EACH; 12 FOR $1.00; 24 FOR $2.00; 50 FOR $4.00; 100 FOR $7.00. OUR SELECTION OF VARIETIES, 14 FOR $1.00, BY MAIL, POSTPAID.

Adam. Flesh color, center salmon and fawn; sweet scented; one of the most beautiful of the Teas.

Anna Oliver. Flesh and buff, shaded with rose; flowers very large, smooth, and beautiful; a superb rose.

Archduke Charles. Pale rose, changing to deep crimson; curiously marbled and beautiful.

Bella. Pure snow white; large size, very full, and double; tea scented; splendid, large, pointed buds.

Bon Silene. Deep rose color, sometimes bright, rosy crimson; free bloomer, and a favorite for bouquets.

Capt. Le Fort. Deep, rich pink, shaded with rosy salmon; long, pointed buds of extra large size; a splendid new rose.

Catharine Mermet. Color flesh-colored rose; large, and of exquisite form; grown extensively for buds.

Cels. A good old variety; pale white, tinted with rose.

Charles Rovolli A charming Tea Rose; large, globular flowers; color a lovely shade of brilliant carmine; center and base of petals clear golden yellow.

Climbing Hermosa. Same as Hermosa, but of a climbing habit; one of the best hardy climbers.

Comtesse Riza du Parc. Color bright coppery rose, tinged and shaded with soft violet crimson; the flower is large, very full and sweet, and a profuse bloomer.

Coquette de Lyon. A lovely Tea Rose; exquisite canary yellow; flowers large, very full, and sweet scented; a vigorous grower and a profuse bloomer.

Devoniensis (Magnolia Rose). Beautiful creamy white, with rosy center; large; sweet tea scent.

Dr. Reymont. The habit of growth is dwarf and vigorous. The flowers are of medium size, *double* and *very sweet.* The color is *bright crimson, passing to rose-violet.* It is a *wonderfully profuse bloomer,* every new shoot having a lovely crimson flower.

Doctor Grill. Large, handsome, clear buff flower, passing to rose and fawn; delicately shaded with yellow.

Duchess de Brabant. Soft, rosy flesh, changing to deep rose edged with silver; delightful tea scent; beautiful buds.

Edmond Sablayrolles. The flowers, produced in clusters, are of medium size. Color bright carmine in the center, the outer rows of petals light pink.

Empress Eugenie. Beautiful rosy flesh, deepening at center to clear pink; very large and full; hardy.

Etoile de Lyon. The best yellow Rose for planting in the garden that has been put in commerce up to the present day. Color fine, striking, sulphur yellow, deeper in center; very large, full, and of fine form.

Gloire des Cuivres. A grand Rose, of a very unique color, which is coppery yellow, shading to orange-yellow; reverse of petals vinous red. The large and finely formed flowers are very double and deliciously sweet.

Golden Gate. Flowers are large, of good substance, very double and full; color rich creamy white, tinged and shaded with fine golden yellow; petals large and broad, and frequently bordered with clear rose. Price 25 cts. each.

Grace Darling. Flowers large and full, always opening well; color quite new; base of petals creamy white, deeply tinted and shaded with pinkish peach; distinct.

Hermosa. A beautiful and useful Rose; blooms in fine clusters; medium size, very double; color beautiful, clear rose; a constant bloomer; hardy.

Henry M. Stanley. The color is a rare shade of amber rose, delicately tinged with apricot-yellow toward center; reverse of petals clear buff rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant.

Isabella Sprunt. Bright canary yellow; large, beautiful buds; very valuable for cut flowers. An old variety, but always in demand.

J. B. Varonne. Superb, elongated buds, and extra large, vase-shaped blooms; color intense scarlety crimson, shaded with salmon yellow or buff rose at center; very fragrant.

Jules Finger. Flowers large and finely formed; very full; color rosy scarlet, shaded with crimson.

La Pactol. Pale sulphur yellow; large, full, and double; beautiful buds; tea scented.

Letty Coles. Color soft rosy pink, deeply shaded with intense crimson; large, full, globular form.

Louis Philippe. Dark, rich crimson; free bloomer; excellent for bedding.

Luciole. A moderately vigorous grower and a free bloomer. The flowers are large and full; color bright rose carmine, tinted with yellow; reverse of petals yellow saffron. The buds are *of exquisite form.*

Madame Bosanquet. A fine old variety; pale flesh, shaded with deep rose; very double and sweet.

Madame Alfred Carriere. Color rich, creamy white; large, full flowers, very double and sweet; a strong grower, and one of the best pillar roses.

Madame Camille. A magnificent Rose; large size; color delicate rosy flesh, changing to salmon rose. Of vigorous growth and hardy, with a slight protection.

Madame Caroline Kuster. Beautiful orange yellow; clear and distinct; large and very double; very free flowering, and one of the hardiest of the Teas.

Madame Cusin. A striking and beautiful Rose; color bright purplish crimson, with white center, tinged and shaded with yellow. The flowers of this Rose, when cut, will last longer than any other variety.

Madame de Watteville. This grand Rose is one of the most beautiful varieties in cultivation. The growth is vigorous; flowers very sweet and of good form; color creamy yellow, shaded carmine. The petals are shell-like, each one having a distinct border of bright carmine. The buds of this variety resemble a tulip.

Madame Etienne. *Flowers are large and very double;* the color is rosy pink, delicately shaded with light rose. *Beautiful buds* and *deliciously sweet.*

Madame Honore Defresne. An exquisite Tea Rose, of a new color. Flowers are of medium size, with thick petals, being extremely beautiful in bud. Color *canary yellow, shaded with apricot.* A free bloomer.

Madame Jeanie Cuvier. Fine salmon rose, passing to clear, glossy pink, delicately shaded with rich carmine.

Madame Joseph Schwartz. Color white, tinted with flesh rose; full medium size; growth vigorous. Of the same free-flowering habit as Duchess de Brabant.

Madame Lambard. Salmon pink, shaded with rose; large and globular; perfect shape and beautiful buds.

Madame Olga. Pure white, center pale chrome yellow. Flowers medium to large in size, and very double.

Madame Phineas Kuntz. A clear, bright pink, or china rose; reverse of petals, silvery pink; center elegantly shaded salmon yellow.

PLEASE NOTE **that our Standard List of Roses** is the **Best in the Country.** There is not an inferior sort in the whole collection, and we **guarantee** every Rose to be **true to the label it bears.**

Madame Pierre Guillot. Moderately vigorous in growth. The flowers are large and deliciously sweet. The color is *yellow, bordered and lined with rosy carmine*—reverse of petals pale yellow. The exquisite blending of the different colors and the beautiful buds will make this variety a general favorite. 20 cts.

Madame Scipio Cochet. Vigorous in growth. Flowers are large, and can be cut with long stems. The colors, pale rose shaded with clear yellow, form a charming combination.

Madame Welche. Flowers very large and double, of the finest form; the outside petals pale yellow, the center deep orange, often shaded reddish copper. One of the best Roses, combining vigorous growth and free-flowering habit.

Marechal Neil. One of the largest Tea Roses grown; flowers extra large, very double; color deep, golden yellow; not hardy in the Northern States, but very desirable for pot culture.

Marechal Robert. Color pale lemon, shaded with buff and rose; medium size; full and globular.

Marie Guillot. One of the most useful and satisfactory Roses in the entire list. Flowers are large, very full and double; color pure white, sometimes shaded with pale yellow. Where quantities of pure white flowers are desired, this variety should be planted largely.

Marie Lambert, or White Hermosa. Pure white, of medium size; a constant bloomer and hardy.

Miss Marston. Large flowers; color light rose, shading toward the base of the petals to chrome yellow.

Mrs. James Wilson. The flowers are deep lemon yellow changing to white; the border of the petals tipped with rose.

Papa Gontier. Large, finely-formed buds and flowers, full and fragrant. This variety will be much sought after on account of its beautiful buds, for wearing and for vases; the flowers are large and long, with thick, broad petals of a dark crimson, changing to pale rose.

Perle des Jardins. Canary yellow; large, or very large; full, well formed, stiff stems; very free; a superb Rose for forcing, and fine also for the open air.

Princess de Sagan. A new French Rose that will be valuable for its lovely buds. It is a strong grower, producing buds of the *brightest scarlet crimson;* the flowers are medium sized, semi-double, and fragrant.

Queen's Scarlet. This variety belongs to the China group, and is of the same free-flowering habit; color dark crimson, passing to light scarlet with age.

Reine Marie Henriette (Hybrid Tea). Large and very full; color clear cherry red; desirable as a climbing Rose and perfectly hardy.

Safrano. Bright, apricot yellow, changing to orange; beautiful buds. An old favorite.

Sappho. Buds fawn color, suffused with rose; the opening flower shaded yellow and buff; center deep bright yellow. Very double and a free bloomer.

Sombreuil. Creamy white, tinted with rose; a strong grower, and one of the hardiest of the Teas.

Souv. de Francois Gaulain. The flowers are of medium size and so very double that the fully expanded flower is more beautiful than the bud. Color deep red, shading to carmine.

Souvenir de Malmaison. Blush; center flesh; fine foliage and habit; one of the finest Roses ever grown.

Sunset. Identical in every respect with *Perles des Jardins*, from which it is a sport, except that its color is of that rich, tawny shade of saffron and orange, similar but deeper than the coloring of Safrano.

The Bride. The finest white Rose ever offered. The buds are very large and of exquisite form, and the full flower is very double, measuring from three and a half to four inches in diameter. The color is a delicate creamy white.

The Gem. A vigorous grower, a profuse bloomer, and thrives both as a pot Rose or in the open ground. The color is creamy white, shading to yellow toward the base of the inner side of the petals, the outer petals being occasionally tinged with pink.

HYBRID TEA ROSES.

The Hybrid Tea Roses are a cross between the Hybrid Remontant and Tea Roses, and from this type we may expect our finest new Roses. The advantages possessed by them are, that they have the hardiness of the Hybrids, together with the ever-blooming qualities of the Teas. The following varieties are the very best for open-air culture:—

Antoine Verdier. Extremely beautiful flowers, bright, glowing pink, beautifully shaded with rich crimson; large and globular, very full and sweet; a constant and profuse bloomer. 15 cts.; two year-old plants 35 cts.

Beauty of Stapleford. Flowers large and of perfect form; highly scented; color pink, shading to bright, rosy crimson. 15 cts. each.

La France. The sweetest of all roses; color silvery rose, changing to pink; very large, full, globular; a most constant bloomer. If the buds remain firm, by pressing gently the point and blowing into the center the flowers will almost invariably expand. 15 cts. each.

Pierre Guillot. One of the finest of the Hybrid Teas; bright crimson, changing to brilliant carmine; flowers large, double, and full; very fragrant. 20 cts. each.

Madame Schwaller. A strong growing variety, with flowers which resemble the Hybrid Perpetual in form and substance. The color is bright, rosy flesh, paler at the base of the petals and deepening on the edges; a free bloomer and excellent for cutting, as the flowers are produced on long stems. 20 cts. each.

New Ever-blooming Rose—Meteor. The Meteor is a remarkably rich, dark velvety crimson, Hybrid Tea Rose. It is a constant and good bloomer, very vigorous and healthy in growth, with no tendency to mildew. *No red Rose ever before offered retains its color as does the Meteor.* 20 cts. each.

Viscountess Folkestone. A new variety of great promise. The flowers are borne on strong stems with thick foliage; the color is delicately tinted flesh, almost white, with beautiful satin finish. 25 cts. each.

☞ "Hints on Growing Roses" mailed for 10 cts. in stamps.

MARGARET DICKSON.

New Hybrid Perpetual Rose, Margaret Dickson

Awarded the Gold Medal and six First-class Certificates in England.

This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its beauty and worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the Gold Medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year, and while it has never been tested in America, we have no hesitation in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white with pale flesh center, petals very large, shell-shape, and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems, are very double, and have the true Magnolia fragrance. The habit of growth is vigorous, with large and luxuriant foliage. We were fortunate in securing a splendid stock of this grand new Rose, and can offer good, healthy plants from 2½-inch pots at 50 cts. each; $5.00 per doz., postpaid. Strong two-year-old plants on own roots $1.00 each, $10.00 per doz., by express only.

☞ Hints on Growing Scott's Beautiful Flowers sent for 10 cts. in stamps.

Standard List of Hybrid Perpetual Roses.

Prices (except where noted) 15 cts. each; 8 for $1.00; 17 for $2.00; 100 for $10.00, Postpaid.

Alfred Colomb. Extra large round flowers, very double and full; color clear cherry red, passing to bright, rich crimson.

Alphonse Soupert. Fresh, rosy pink; extra large flowers and a very free bloomer. A grand variety.

American Beauty. A constant-blooming Hybrid Perpetual, with enormous buds and large, full flowers; color glowing, deep carmine.

Anna Alexieff. Very double and full; exceedingly sweet; noted for its clear, bright pink color.

Anna de Diesbach (Glory of Paris). Deep, rich pink, shaded with carmine; long, pointed buds and large, finely formed flowers; full and sweet.

Antoine Mouton. An early and profuse bloomer; color bright pink; reverse of petals silvery rose.

Baron de Bonstetten. Splendid large flowers; color dark, velvety crimson; one of the darkest Roses.

Baron Prevost. Beautiful, pure, bright rose, shaded with crimson; very large and fragrant.

Baroness Rothschild. Light rose, or flesh color; very fresh and delicate; flowers extra large, full, and well formed; one of the most perfect Roses and very beautiful in color; of fairly vigorous habit. 35 cts. each.

Chestnut Scarlet. A new English Rose, of short, compact growth and very free-flowering habit; the color is bright crimson scarlet. One of the brightest colored roses in cultivation. 25 cts. each.

Climbing Jules Margotten. Deep, rosy pink; very hardy and a splendid pillar rose.

Comte de Paris. Deep, cherry red; vigorous in growth and very fragrant.

Coquette des Alps. One of the finest pure white hybrid perpetuals; large, full, finely formed flowers; color pure white, sometimes faintly tinged with pale blush; a profuse and constant bloomer.

Countess of Oxford. A superb Rose; extra large flowers of perfect form; color bright carmine red, elegantly shaded.

Dinsmore. Very similar to *Madame Chas. Wood*, but claimed by the originator to be *stronger in growth* and *more fragrant*. It is a vigorous rose, of dwarf, branching habit, and is *fairly loaded down with flowers all summer long*. The flowers are large, perfectly double, of a dazzling scarlet crimson color, with that rich, spicy fragrance peculiar to the best Hybrid Roses. It is *entirely hardy* and blooms incessantly. 25 cts. each.

Earl of Dufferin. Rich, brilliant, velvety crimson, shaded with dark maroon; very large, full, and fine form; a splendid new Irish Rose. 25 cts. each.

Eugene Verdier. Very bright, rosy flesh color, shaded with silvery white; free bloomer and very beautiful.

Gen. Jacqueminot. Brilliant crimson; not full, but large and effective; fragrant and very hardy.

Gen. Washington. One of the most satisfactory Roses in the list for general planting; brilliant crimson; large, perfectly double, and a free bloomer.

Gloire de Margotten. The most dazzling red yet obtained; it is almost scarlet. The flowers are very large, and of regular, symmetrical form, somewhat globular, very full, and deliciously sweet. 35 cts. each.

Heinrich Schultheis. Delicate, pinkish rose; large and of fine form; grown extensively for cut flowers.

James Bougalt. Lovely, silvery rose, flushed with rosy blush; very full and fragrant.

James Brownlow. A new Irish Rose; the flowers are very large, full, symmetrically formed, and highly perfumed; petals of immense substance, large, round, and smooth. Color brilliant carmine. 35 cts. each.

Lady Helen Stewart. Very bright crimson, shaded with scarlet; a good grower and abundant bloomer; very highly perfumed.

Madame Charles Wood. Beautiful, clear, rosy carmine; petals large and of good substance; flowers very large and well formed; one of the freest-flowering.

Madame Gabriel Luizet. One of the most beautiful of all Roses. It is extra large, with broad, shell-like petals; elegantly formed. The color is an exquisite shade of clear coral rose, beautifully suffused with lavender and pearl. 35 cts. each.

Madame Plantier. Pure white, large, very double flower, most profuse bloomer; perfectly hardy; suitable for hedges or cemetery planting.

Magna Charta. Flowers bright pink, suffused with carmine; very large; a fragrant, excellent variety.

Marquise de Castellane. Bright, clear rose; very large, full, and of globular form; an excellent variety.

Merville de Lyon. The flowers are extra large; fine cupped form; color ivory white; elegantly flushed with pale blush. 35 cts. each.

Mrs. John Laing. A remarkably strong grower, deliciously fragrant, and bears fine, long stems, surmounted by well-shaped buds of large size. It is a constant bloomer, and flowers the first year. We cannot praise this Rose too highly, for every one planting it is delighted with its *ever-blooming habit* and *beautiful flowers*. 25 cts. each.

Mrs. Watson (New). Beautiful pale pink color; petals shell-shape and of large size. The blooms are extra large, full, of globular form, and are produced freely on stiff, erect shoots. 35 cts. each.

Paul Neyron. Color pale, soft rose, violet shaded; flowers immensely large and full; the largest variety known, and the most desirable for the garden.

Prince Camille de Rohan. Deep velvety crimson, almost black; very large double flowers; very fragrant.

Rodocanachi. Soft, transparent pink, shaded with carmine; immense flowers, very full and fragrant; splendid buds. We consider this variety to be one of the best Roses in cultivation, and we think our customers will agree with us after seeing a few well-developed blooms. 25 cts. each.

Ulrich Bruner. Carmine rose; very large; seedling from Paul Neyron. 20 cts. each.

FOR $1.00 we will send one strong plant each of **Mrs. John Laing, Rodocanachi, Dinsmore, Gen. Jacqueminot, Magna Charta, Baron de Bonstetten, Paul Neyron,** and **Ulrich Bruner**—8 of the **best Hardy Roses** in cultivation—for **$1.00,** postpaid; or, if ordered with Margaret Dickson, we will send **9** Roses for **$1.30.** ☞ If you want to plant Hardy Hybrid Roses this is the best and cheapest collection ever offered.

HARDY EVER-BLOOMING CLIMBING ROSES.

The following varieties are the best of the ever-blooming Climbers. They are hardy in the Southern States, and will stand the winter in the Middle States if protected with straw or evergreen boughs. They are strong growers, and bloom at intervals during the summer and fall months.

PRICE.—15 cts. each; 4 for 50 cts., postpaid.

Madame Alfred Carriere. Color rich, creamy white; large, full flowers, very double and sweet; a strong grower and one of the best pillar Roses.

Climbing Hermosa. Clear, bright pink flowers; medium size, fragrant; a strong grower and free bloomer.

James Sprunt. Deep cherry red; medium size; full, double, and a strong grower.

Reine Marie Henriette (Hybrid Tea). Large, compact, finely-formed flowers; very full and regular, borne in clusters; color clear cherry red; very desirable.

For 50 cts. we send one plant each of the above 4 Ever-blooming Climbing Roses.

Two-Year-Old Roses.

Our Special Express Size.

THE constantly increasing demand for large Roses that will produce an effect at once has induced us to grow them in quantity for the present season. THESE SPECIAL EXPRESS SIZE ROSES are grown in four- and five-inch pots, and are strong two-year-old plants that have been kept dormant through the winter. From the reports received from last year's planting we find that Roses of this size have invariably given satisfaction. *These Roses* must be sent by *Express, purchaser paying the Express charges.* They are too large to mail.

Prices, except where noted, 35 cts. each; $3.50 per dozen. Descriptions will be found in general collection.

Budded Stock of La France and Duchess of Albany.

We have received from Messrs. Alexander Dickson & Sons, of Belfast, Ireland, an exceptionally fine stock of La France and Duchess of Albany, budded on the Manetti. Where quantities of Cut Flowers are wanted we know of no better investment than in a dozen of these extra-sized plants. They commence flowering as soon as planted and continue until frost.

Price 50 cts. each; $5.00 per dozen, by express only.

Everything on this page sent postpaid for $1.00.

THE NEW FUCHSIA, EMPEROR OF GERMANY, will be a splendid companion for the well-known Storm King. It has the same drooping habit, but the leaves are larger, with bright red veins. The flowers are extra large and very double, and, unlike most other fuchsias, the corolla and sepals in the half expanded flower are the same color—rich wine red. The corolla changes with age to light carmine. The flowers are produced in the greatest profusion. Good, strong plants, 35 cents each ; 4 for $1.00, postpaid.

New Double Geranium, Beauty of Ramsgate. Of short, compact growth, with large, spherical trusses of bloom. The individual florets are exceptionally large, and are bright pink with a pale flesh center. The brightest pink Geranium in cultivation. 25 cts. each.

New Chrysanthemum, Golden Ball. A splendid, vigorous plant, producing grand flowers, a perfect ball of bright golden yellow. The best incurved yellow Chrysanthemum of the year. 25 cts. each.

New Rose, Christine de Noué. A splendid free-flowering Rose of a rich crimson color, shading to deep pink in the center ; large, broad petals, beautiful buds, and deliciously sweet. 20 cts. each.

New Carnation, American Flag. This grand novelty is a sport from Portia. It is regularly striped, vivid scarlet and purest white, with metallic blue foliage ; at first sight it instantly recalls our national flag,—hence its name. Like its parent, it is a wonderfully vigorous grower and profuse bloomer, possessing in a marked degree the rich clover fragrance of the finest Carnations. 20 cts. each ; 3 for 50 cts., postpaid.

New Rose, Pernet's Triumph. A grand new Hybrid Tea Rose of a bright red color, shaded with carmine. The buds are extra large and pointed, and are produced singly on long stems. A splendid new Rose either for cut flowers or for bedding. 25 cts. each.

Scott's Novelty Collection for 1893.

FOR $1.00 we will send, postpaid, one plant each of the above six sterling new plants and **also** one pkt. of seed each of the following :—

Mammoth Belgian Pansies. The best strain of large, flowering Pansies in cultivation. The flowers are of circular shape, great substance, and enormous size, often surpassing in size both Cassier's Giant Odier and Trimardeau, while the form and substance are always incomparably better.

Eckford's Surpassing SWEET PEAS. *The finest mixture of Novelties* in Sweet Peas ever offered.

Burpee's Defiance PETUNIAS. The finest strain in cultivation. Flowers measure over five inches in diameter. Colors indescribably rich and varied.

New Large Flowered Dwarf Double Hybrid Pinks. Flowers often measure three inches across. They embrace all colors from pure white to deep crimson, while most of the flowers are beautifully variegated. Really a superb strain !

BEGONIA—Vernon. Will stand the strong sun ; color rich, deep red ; leaves dark green spotted with purple. A splendid novelty that will thrive everywhere.

Marguerite CARNATION. New dwarf varieties, blooming in four months from the time of sowing the seed. Fully 80 per cent. of flowers are perfectly double.

☞ A comparison of the catalogues of the leading seedsmen and florists will show that the **Twelve Lovely Flowers** described above cannot be purchased for less than $2.45, which they are well worth, but we will send **all the plants** and **seeds** described on this page (6 plants and 6 pkts. of seed), postpaid, for **$1.00**

The NEW SIBERIAN BEGONIA is the most beautiful of all Begonias; the habit of growth is dwarf and sturdy, with extra large dark-green leaves of heavy texture. The flowers are produced in immense clusters upon stiff stems, well above the foliage. The color is a charming combination of pale pink, soft rose, and rich crimson. It is superior to all others for its *vigorous growth, erect habit,* and for *the number and size of its blooms.* Mr. James Laing, of London, who is the largest grower of Begonias in the world, while visiting our nurseries last summer, was particularly pleased with a bed of this beautiful variety, which we had planted in the strong sun. He pronounced it *the best flowering Begonia* he had ever seen. It is valuable, both for the garden and for window culture. 35 cts.

New Red Coral Begonia (Wettsteini). A grand new Begonia that will rival in popularity the well-known favorite, "Rubra." The flowers resemble Rubra and are just as freely produced, but the foliage is entirely distinct. The leaves are oblong, of a deep green color, shaded with crimson. The young foliage is particularly beautiful. Flowers deep coral red, formed in pendant panicles. 20 cts. each.

President Carnot. A cross between Olbia and Rubra. It produces immense quantities of flowers and stands the hot summer sun when bedded out as well as the scarlet Geranium. The foliage is rich and handsome in color and the blooms are of a bright coral. 20 cts. each.

Rubra. If you have only one Begonia, let it be a Rubra. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral-colored flowers as large as a hand. 15 cts. each.

Weltoniensis alba. Of the same habit as the popular Weltoniensis, with flowers of the purest white. A new variety of surpassing beauty, both in foliage and in profusion of bloom. 15 cts. each.

Argentea guttata. A cross between *Olbia* and *Alba picta,* having the silvery blotches of Alba picta and the form and beauty of Olbia. The leaves are oblong in shape, of a purplish-bronze color, with silvery markings; the flowers are white. 15 cts. each.

Argyrostigma picta. A handsome, compact-growing variety; leaves are of a silvery green, dotted with white, very smooth and glossy. Flowers lemon white, produced in corymbs. A magnificent pot plant. 15 cts. each.

Dewdrop. The best flowering Begonia ever obtained. Its graceful flowers are produced in profusion during the winter months; it can be planted out in the strong sun in the spring, and will be one mass of bloom the entire summer. *It will grow and thrive anywhere, and requires no more care than a geranium.* 15 cts. each.

Metallica. A fine, erect-growing Begonia, with dark, rough leaves; the surface is a lustrous bronze-green; veins depressed and dark red. The depression of the veins gives the leaves a crape-like appearance. A free bloomer. The panicles of unopened buds are bright red, with surface like plush. When open the flower is waxy white. 15 cts. each.

Mad. de Lesseps. A new sort, very similar to Argentea Guttata, but with foliage almost double in size, leaves purplish-brown with silver markings; of very strong, vigorous growth. 15 cts. each.

SPECIAL OFFER. **FOR 50 CTS.** we send, postpaid, **Begonia New Red Coral, President Carnot, Mad. de Lesseps,** and **Dewdrop,** or for **$1.25** we will send the complete collection of ten varieties described on this page. The Begonia is the one flowering plant that is always found in the window garden. It grows with very little care and is always attractive, and at our very moderate prices a few at least should be included in every order.

7 Choice Fuchsias for 60 Cts., Postpaid.

Strong, healthy plants from two and a half-inch pots.

Buffon. Almost identical with Storm King, but of erect growth. Very vigorous, and with beautiful dark-green foliage. The enormous flowers are produced in the greatest profusion, and are pure white, penciled with bright crimson. 20 cts. each.

New Giant Fuchsia, Jupiter. A new French variety, claimed by the introducer to be superior to Phenomenal. The plant is a tall grower, the leaves are dark green, with veins of bright crimson. The flowers are as large as Phenomenal, are more compact, and the petals have more depth; sepals bright scarlet, with rich violet-purple corolla. A profuse bloomer. 20 cts. each; 3 for 50 cts.

Mrs. E. G. Hill. The *largest double pure white Fuchsia* in cultivation. The introducer, Mons. Victor Lemoine, of France, states that it is the best double white Fuchsia ever raised. The tube is short, with sepals of bright crimson; corolla extra large, double, and of the purest white. 15 cts. each; 4 for 50 cts.

Phenomenal. The largest-flowered Fuchsia in cultivation. The flowers are of *enormous size*, a *single flower* grown by us *measuring three inches across;* sepals bright scarlet, with rich purple corolla; very double. 15 cts. each; 4 for 50 cts.

Storm King. This grand plant is a well-known favorite; it has a beautiful weeping habit, with immense flowers; the corolla is white, penciled with deep bright crimson, and with scarlet-crimson sepals. A profuse bloomer. 15 cts. each; 4 for 50 cts.

Black Prince. A single-flowering sort of strong growth, with red sepals and light carmine corolla; all through the summer it is one mass of buds and bloom, and is one of the most satisfactory of all Fuchsias. 15 cts. each; 4 for 50 cts.

Dr. Prillieux. Of dwarf, erect growth, and dark-green foliage. The flowers are produced in profusion, and are deep purple, with crimson sepals, and very double. 15 cts. each; 4 for 50 cts.

For 60 Cts. we will send one strong plant each of the above seven superb new and rare Fuchsias, postpaid. ☞ This collection has been selected from over thirty sorts and embraces the finest Fuchsias in cultivation. The remarkably low price, of less than nine cents each, should induce all our customers to buy at least one collection.

New Large-Flowering Red-Branched Hydrangea.

Too much cannot be said of this sterling novelty, and we know of no plant that can approach it for the decoration of walks and porches. The plant is of robust habit, with red-colored branches, making a beautiful contrast with the dark-green foliage. The deep rose-colored flowers, measuring from an inch to an inch and a half in diameter, are formed in immense panicles, and are produced in profusion during the summer months. Although moderately hardy, it should be grown in boxes and wintered in the cellar. Our stock is the true large-flowering sort, and must not be confounded with the ordinary red-branched Hydrangea offered by some florists. Strong plants 25 cts. each, postpaid.

HYDRANGEAS FOR THE PORCH.

We have received so many inquiries for extra large plants of the Pink and White Hydrangea for growing in tubs and vases for the porch and lawn, that we have grown them in large quantities for 1892. They grow in size and beauty every year, and require only ordinary care. We offer **Otaksa,** bright pink (and if iron filings are mixed with the soil the color will be blue), and **Thomas Hogg,** pure white.

Price for strong two-year-old plants, by express, only 50 cts. each; 3 for $1.00.

Beautiful Orchid Water Lily.

This rare Water Lily (**Pontederia Crassipes Major**) cannot fail to astonish and please all of our customers. Its *unique foliage*, differing from any other water plant, its rare *orchid-like flowers*, and the ease with which it can be grown by any one, will make it popular in every collection of plants. The leaves are almost circular, of a bright, glossy green; the petiole, or leaf stalk, is enlarged into a balloon-shaped sack, filled with air, which enables *the whole plant to float on the surface of the water.* Each crown has a charming rosette of leaves, from the midst of which the flower stalks are borne, each with from five to seven florets upon the stalk. The orchid-like blooms have six petals, and are about two and a half inches in diameter. The color is a *delicate lilac, shaded with rose*, and upon the upper petal there is a *distinct spot of bright orange. The plants are most easily grown, and will thrive in any vessel of water*, provided it is placed *in the sun.* The best plan is to use either a jar or a cask, with two or three inches of rich soil at the bottom; after filling this with water, the lily plant will float on the surface. If placed in a sunny spot in the garden it will grow and *send up its lovely flower stalks during the entire summer.* The plants can be wintered in a jar of water, with some soil at the bottom. Place the jar in a sunny window, free from frost. 20 cts. each; 5 for $1.00.

ORCHID WATER LILY.

Helianthus Multiflora Plena.

Although this grand plant belongs to the Helianthus family, it does not resemble a sunflower, but looks more like a dahlia. The plant grows from four to five feet high, branches freely, and from July to October is covered from top to bottom with golden-yellow flowers the size and shape of double dahlias. It will thrive in almost any soil, and is hardy if covered with leaves or straw. We can recommend it for planting singly or in clumps for the lawn or garden, and for furnishing a supply of beautiful, golden cut flowers that can be used for vases or wearing. Price 15 cts. each; 4 for 50 cts.; 9 for $1.00—all good, strong plants.

Six Prize-Winning Chrysanthemums
FOR 50 CTS.

We take pleasure in offering this superb set of Chrysanthemums at so low a price, and hope all our customers will take advantage of it. All the varieties have won either medals or prizes at the different shows, and without taking the price into consideration they are *the best six we could possibly select.* These plants produced flowers last fall that sold in our city for $4.00 and $5.00 per dozen blooms.

Golden Ball. This new variety is so unique in its symmetry and beauty that it stands without a rival. The grand flowers are a perfect ball of bright golden-yellow, of great substance, lasting for many days when cut and placed in water. 25 cts. each.

Pink of Perfection. A new seedling introduced by us this year. The flowers, often six inches across, are produced on stiff stems with massive foliage. The petals are broad and drooping. Color a very rich, deep pink. 35 cts. each.

Advance. A perfectly double flower, with petals reflexed, color light pink, tipped with bronze; a general favorite. 25 cts. each.

Ivory. Color pure ivory white; full deep blooms formed into an almost perfect ball.

Cullingfordii. Rich crimson, shaded scarlet; the flowers are very large and reflexed; fine and distinct. This is *the finest crimson Chrysanthemum in existence.*

Harry E. Widener. Flowers extra large, on stiff, stout stems, that hold the blooms erect without support; incurving, forming a large, rounded surface; petals crisp and stiff; very free in growth. Color bright lemon-yellow, without shadings. Awarded the Blanc prize.

One strong plant each of the above six new and rare sorts for 50 cts., postpaid.

FOR $1.00 we will send one plant each of the above six varieties AND ALSO one each of John Lane, Mrs. Geo. Bullock, Mrs. Irving Clark, L. Canning, Wm. H. Lincoln, Wm. Stevens, Kioto, Snow Storm, Mrs. Marie Simpson, and Miss Lizzie Cartledge—16 PRIZE-WINNING CHRYSANTHEMUMS in all sent for $1.00.

Four New Early Varieties for 50 Cts.

For outdoor culture, the new early flowering Chrysanthemums are the best, because they come in flower before the early October frosts, and at a time when cut flowers are always scarce. We offered a splendid collection last year and our efforts were so much appreciated that for 1893 we have secured and offer our customers the best collection of four new early flowering sorts ever introduced. They commence flowering in September and last until frost. Both in quality and in price this is the best offer of new early flowering Chrysanthemums ever made.

Fred. L. Ulsmayer. A splendid new Japanese variety flowering in September; flowers are large with twisted petals. Color deep yellow, tipped with crimson. 25 cts. each.

Marquis de Montmort. Large flowers, with broad petals; reflexed. Color delicate lilac, shading to center of bright pink. 25 cts. each.

Baron de Marnol. A very early sort; bronzy-red tipped flowers, very double, with reflex petals. Dwarf and vigorous in growth. 25 cts. each.

Mad. Bergman. A grand new Chinese variety of dwarf habit, very full in growth, and with large, dark-green foliage. The flowers are large and globular, with reflexed petals. Color pure white, center shaded with light yellow. Especially valuable because it is the earliest of all the large-flowering sorts. We planted two dozen plants in the open ground last summer, and they commenced flowering September 15th and lasted until October 20th. Grown under glass for cut flowers, the first blooms were cut October 5th, and were sold in Philadelphia for $4.00 per dozen blooms. 20 cts. each.

The Largest Yellow Chrysanthemum
IN EXISTENCE.

Mrs. Craig Lippincott. This magnificent new Chrysanthemum was exhibited for the first time last fall, measuring over NINE INCHES IN DIAMETER, and is without exception the largest yellow Chrysanthemum ever introduced. The color is deep, rich yellow, the half expanded flower incurving and resembling an immense Henry E. Widener. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer retailed cut blooms last fall for $1.00 per bloom. Plants will be distributed March 1, 1893, and having purchased a large stock, we can offer it to our customers at 50 cts. each; 3 for $1.25, postpaid.

Standard List of Chrysanthemums.

Prices (except where noted) 10 cts. each; 6 for 50 cts.; 12 for $1.00, Postpaid.

JAPANESE CHRYSANTHEMUMS.

The Japanese varieties are the most variable in form and coloring, and are the most admired. To describe them is impossible, more than to say they are of most fantastic forms, the petals being either tubular, curved, plaited, or fringed. We offer the finest and most distinct varieties.

Annie Atkins. Deep rose, shaded purple.

Ada Spaulding. Has been exhibited measuring seven and a half inches in depth by six and a half inches in diameter; habit most sturdy and robust. Flowers are of globular form, the lower half of the flower being a rich, deep pink, shading in the upper portion to the purest pearl white.

Cannell's Sunflower. A new English variety that has been certificated wherever exhibited in England. Immense golden-yellow flowers, with long petals formed in whorls of strong, vigorous growth and very distinct.

C. B. Whitnall. Immense crimson flowers, shaded magenta, shape similar to Harry E. Widener. 25 cts. each.

Carry Denny. Bronze; forms into a perfect ball.

Christmas Eve. Pure white; petals curved and twisted, forming a flower of great beauty.

Col. W. B. Smith. Immense double and highly built, petals very broad and large, forming a solid mass of the richest bright gold bronze. 25 cents each.

Domination. Immense flowers; creamy white.

Edward Hatch. Soft lemon, suffused with pink; one of the grandest varieties of the year. 50 cts. each.

Ernest Asmus. Flowers of massive size, plumed and reflexed. Color rich chrome-yellow, shaded amber. 25 cts. each.

Flora Hill. Very large double white flower of great substance and depth, inner petals incurving. 25 cts. each.

Fred Dorner. Color cream white, delicately penciled with pink; flower of good substance and large size. 25 cts. each.

Gloriosum. Very light lemon color, with immense flowers, having narrow petals gracefully curved and twisted; one of the earliest.

Gold. Rich golden-yellow, very large and double.

H. F. Spaulding. Color rich apricot yellow shading to rose, center petals clear yellow, blooms solid and double. 50 cts. each.

Hicks Arnold. A strong-growing and floriferous variety, bearing large, full, double flowers, of an old gold color, lighting up wonderfully by artificial light. When fully open, the flower is almost spherical. 25 cts. each.

Joseph Mahood. Long, drooping petals, slightly twisted; crimson, shaded old gold and yellow.

John Lane. Color a rose pink, with peach or light shadings; ends of center petals tipped with gold.

Jessica. One of the earliest double whites; when well grown flowers are often six inches across.

Kioto. A splendid new incurved variety, with glossy petals, which form into an almost perfect ball of deep chrome-yellow. Always a prize-winner.

Lillian Russell. A beautiful broad-petaled flower, clear silvery pink; incurving and forming an immense round ball of largest size. 25 cts. each.

Louis Boemer. Identical in its strange and beautiful formation with Mrs. Alpheus Hardy, but its color is an exquisite shade of silvery pink, with deep rose on the inner side of the petals. It is one of the strongest growers we have.

Mrs. A. C. Burpee. A Japanese variety, with the outer petals drooping gracefully, while the inner ones are incurved and form in whorls toward the center. Color deep yellow, streaked with bronze, changing to pure chrome-yellow. Many of the blooms measure eight inches in diameter.

Miss Ada McVicker. Immense creamy white flowers with broad, thick, reflexed petals. 25 cts. each.

Mrs. A. J. Drexel. An early-flowering variety. Color crimson lake, petals long and twisted. 25 cts. each.

Mrs. E. D. Adams. Flowers pure white of extra large size, petals long and twisted. 25 cts each.

Mrs. George Bullock. Large; pure white; extra fine.

Mrs. Irving Clark. Pearl white on the margin, shading to deep rose, the inner petals formed in whorls.

Mrs. John Westcott. Creamy pink, shading to white; flowers reflexed, of enormous size. A good late variety.

Mrs. J. G. Whilldin. A handsome yellow variety of light tint; splendid in size and form, and a magnificent addition to the scarce, very early, large-flowering varieties. Has attained great popularity the past year. 25 cts. each.

Mrs. Maria Simpson. Soft chrome-yellow, petals broad and incurved, showing no center; very large. 25 cts. each.

Mrs. Wm. Mencke. Brightest yellow, with slender petals of peculiar shape; a late-flowering variety.

Miss Lizzie Cartledge. Extra large flowers. Color dark rose, reverse of petals silvery white.

Mermaid. Very delicate yet bright pink; broad petals, incurved. 20 cts. each.

M. Boyer. Silvery rose, shaded violet; reflexed petals.

Mountain of Snow. A pure white variety, of immense size, each bloom forming a perfect ball. 25 cts.

Moonlight. A grand flower of the purest white; very free flowering, and the best late white variety.

President Hyde. Large flowers; very double and with reflexed petals; lemon yellow; center bright yellow.

Reward. Deep, rich pink; immense flowers.

Rohallion. Long, twisted reflexed petals; beautiful dark chrome-yellow; very distinct.

Roslyn. A superb clear mermet rose-pink; petals thick and heavy; cup-shaped flowers; extra large. Awarded silver medal by Pennsylvania Horticultural Society and certificate of merit at Madison Square. 50 cts. each.

Snow Fairy. Pure white, incurved flowers of good substance; splendid for cutting.

Snow Storm. Pure white, distinct and free.

Source d'Or. Golden twisted florets; tipped yellowish brown; flowers of large size.

Violet Rose. Immense incurved flowers of violet rose.

W. H. Lincoln. An immense full double flower, with slightly incurved petals. The color is pure yellow.

Walter W. Coles. A singular and striking shade of *terra cotta;* flowers of immense size, semi-double. In the half-expanded flower the inner petals are formed in whorls, showing the reverse of the petals, which is *old gold.*

William Stevens. Crimson, shaded old gold.

Yellow Ethel. The best and most valuable yellow for flowering late in the autumn; flowers of this superb new sort can be cut at Christmas.

CHINESE CHRYSANTHEMUMS.

In this section will be found the finest of all Chrysanthemums. The class is represented by two entirely different forms, the *incurved* and *reflexed* varieties. In the incurved the petals are formed into a globe shape, in which the back of the petals only are seen; in the reflexed the petals overtop one another and have only the face of the petals exposed.

Diana. Pure white, medium size, and one of the best.

Frank Wilcox. Erect-petaled flowers, slightly toothed; above medium size; rich golden amber, slightly shaded deep bronze; lasts for a month.

Golden John Salter. Golden-yellow, changing to amber, incurved.

L. Canning. Pure white, shaded in center with light sulphur-yellow; very clear and chaste; a reflexed Chinese variety of immense size; dwarf habit. 20 cts.

La Niege. Pure white, medium size; dwarf compact growth; early flowering.

Lady Slade. Soft pink, with lilac shade; beautiful shape.

Mrs. E. W. Clark. Immense flowers; deep, rich pink, shaded with rose. A reflexed Chinese variety, very double; of dwarf habit, and cannot be excelled either for pot culture or for planting in the garden. 20 cts.

Mrs. Geo. Bullock. Large; pure white; extra fine.

Seven Splendid Geraniums
FOR 50 CENTS.

From our large collection of Geraniums we have selected the following seven varieties as the best for general cultivation. Please note the varieties ; some of them are old favorites, and others are scarce and valuable. The price is so low that all our customers can have the best Geraniums at less cost than for standard sorts.

Beaute Poitevine. Brillant salmon, immense trusses, extra large semi-double florets. A profuse bloomer, and will make a grand bedding variety.

Souvenir de Mirande. The greatest novelty in Single Geraniums that has appeared in years, and is entirely distinct from any other variety known. The florets are pure satiny white, with a distinct band of brilliant carmine around each petal. A splendid pot variety.

Bruantii. Color light vermilion-red, of a most pleasing shade. Trusses are exceptionally large, often measuring six inches in diameter, and *single florets are the size of a silver dollar.* It makes a compact, dense growth, with dark-green foliage.

Le Cid. Very compact, but vigorous in growth. Color *brilliant crimson-red;* size and truss all that could be desired. We consider this variety the *best dark-colored double Geranium* in cultivation.

Geoffrey de St. Hilare. Large, spherical trusses of *glowing scarlet, rayed with intense violet-crimson.* A variety of great merit, and after a thorough trial we can recommend it as unequaled in its class.

White Swan. A pure double White Geranium, of dwarf and compact growth, always in bloom, and popular both for bedding and for pot culture.

Montesquieu. A new French variety. Color rose mauve, with delicate lilac shadings.

Seven Superb Geraniums as above for only **50 cts., postpaid.**

A Bed of 30 Magnificent Geraniums for $2.00

Every garden, large or small, has room for an attractive Geranium bed, and no Geranium gives better satisfaction for bedding than the now celebrated **Bruant.** It is the best semi-double scarlet, and is *one mass of bloom* throughout the whole summer.

FOR $2.00 we will send, postpaid, **15 Bruant Geraniums** and **15 Mad. Solleroi,** which can be used as a border, as it makes a round, *ball-like plant* about a foot high, with foliage edged with white. The above 30 Geraniums will plant a bed **four feet** in diameter. If preferred, we will send 30 Bruants for $2.00, postpaid.

New and Standard List of Geraniums.

Prices (except where noted) 10 cts. each ; 5 for 50 cts. ; 12 for $1.00, postpaid.

Bonnat. Large spherical trusses, flowers full and of finest form. Color richest carmine rose.

General Mirabel. Round, full trusses, red amaranth.

Glory of France. The trusses are large, finely formed, and are borne on bold flower stalks. The individual flowers are large, and of perfect form, and of a *waxy, salmon-white color,* with *dark citron-red center.*

Gloire de Lyonnaise. A mammoth single variety, producing trusses often measuring five inches across, while the individual florets are the size of a silver dollar. Color orange-scarlet.

Janus. A decided novelty in Geraniums. The color is currant, shaded with magenta, reverse of petals silvery white. When the florets are opening the silvery white is seen, and makes a beautiful contrast with the brilliant color of the flower.

Joan of Arc. This is an improved Souvenir de Mirande, with petals much brighter and truss more compact. The best of this class, and the grandest new single Geranium ever introduced. 35 cts. each.

Le Prophete. Double. One of the grandest dark scarlets ever grown ; perfection in size, habit, and color.

M. Caro. The first real approach to *lilac* yet attained in Geraniums. The double flowers are a delicate shade of light lilac, the outer edge of the petals changing to deep rose, shaded in a most charming manner.

King of the Purples. Of dwarf growth and exceptionally large florets. Color is a deep purple-shaded magenta. 25 cts. each.

Madame Chevreliere. The best double white Geranium in cultivation. In our trials we noticed that all through the summer this superb new variety produced more flowers than any other white variety, and the trusses and florets were larger. 20 cts. each.

Mrs. A. Blanc. Deep salmon, large truss, of dwarf, branching habit. 20 cts. each.

Mrs. E. G. Hill. One of the best varieties in our collection. The florets are extra large, of mottled salmon, deeper in center, very free flowering. 20 cts. each

M. Poirier (single). Enormous trusses, beautiful carmine-violet color, upper petals marked with very rich violet. A new variety that has received two first-class certificates in England.

Mons. P. Olombel. Brilliant vermilion-scarlet with orange shadings; trusses of immense size and perfect form. Valuable either for pot culture or for bedding.

Mathias Sandorf. Very double-scarlet shaded amaranth of strong growth ; splendid for bedding.

Nita. Deep pink, with white center.

Sandwich. Semi-double flower of a reddish shade, very distinct and very free flowering. 25 cts. each.

Samoa. Red amaranth, with clear red center.

New Double Ivy-Leaved Geraniums.

The ivy-like leaves are bright and glossy ; the plants have a trailing habit, and the numerous trusses of large double flowers vie with the double Zonal Geranium in the form and substance of the flowers. The plants are of the easiest culture.

Joan of Arc. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, making a most effective background for the great clusters of flowers.

Camille Flammarion. Large, cup-shaped flowers of deep rose. One of the best.

Le Printemps. Fine, strong grower, rose mauve, upper petals veined purple, dark rich foliage, with glossy, ivy-shaped leaves.

Galilee. Rich, deep pink ; large flowers of good substance, and not only flowers in summer, but will make a beautiful plant for the window in winter.

Price 15 cts. each, or the set of 4 for 50 cts., postpaid.

Two Magnificent New Carnations.

GRACE BATTLES. An ideal pink Carnation, being delicate, yet striking. The flowers are borne on strong, erect stems, do not burst the calyx, and are fully one-third larger than Grace Wilder. Awarded the silver medal of the Pennsylvania Horticultural Society. 35 cts. each.

EDNA CRAIG. A new Carnation of this year, and a formidable rival for Grace Battles. The flowers are a shade lighter in color, of equal size and substance, and as a cut flower it sold in Philadelphia last winter for double the price of other carnations. Strong plants 35 cts. each.

FOR 50 CTS. we will send one plant each of the above two Carnations.

EDNA CRAIG.

Other Choice Carnations

NEW CARNATION, LIZZIE McGOWAN. This grand Carnation is a "Pedigree seedling," being the result of a cross between Heinze's White and Peter Henderson. The flowers are of the purest white, frequently three inches across, and are of fine substance. The habit of the plant is strong and free, and being remarkably floriferous, it will be equally valuable both for open-air culture and for the window garden in winter. 15 cts. each.

AMERICAN FLAG. This grand novelty is a sport from Portia. It is regularly striped, vivid scarlet and purest white, with metallic blue foliage; at first sight it instantly recalls our national flag,—hence its name. Like its parent, it is a wonderfully vigorous grower and profuse bloomer, possessing in a marked degree the rich clove fragrance of the finest Carnations. 20 cts. each.

TIDAL WAVE. Flowers very large; color bright rosy pink, changing to carmine pink, with salmon shadings. Healthy and free-blooming. A splendid variety. 15 cts. each.

PETER HENDERSON. Largest pure white; crimpled petals. 10 cts. each.

FRED. JOHNSON. Deep carmine, changing to carmine pink; of vigorous growth, producing quantities of flowers on long stems. Used extensively for the New York cut flower market. 15 cts. each.

GRACE WILDER. An old favorite, and still one of the most popular varieties; color a soft shade of carmine pink. 15 cts. each.

FOR 50 CTS. we will send one strong plant each of the above six splendid Carnations, or we will send the six, and either Grace Battles or Edna Craig —**7 plants** in all—for only **65 cts.**, postpaid.

EAST INDIA MOUNTAIN FLEECE.

The Mountain Fleece is one of the loveliest and *most deliciously fragrant white, fleecy flowers* that has ever been introduced, and, too, it is a hardy herbaceous perennial, and it blossoms in the fall. The stems are two and a half to three and a half feet high. The panicles last long and perfectly as dried flowers. Price 20 cts. each, or 3 for 50 cts., postpaid.

HOYA CARNOSA.

HOYA CARNOSA.

An old plant, neglected of late, but for which, all at once, we have received repeated inquiries. Why it should have been forgotten is a mystery, as it certainly is one of the very best house plants known. It can be grown as a pot plant and trained upon a trellis. It is very easy to grow, and of fine, thick, and glossy foliage. The delightful odor of the flowers can scarcely be equaled, and their almost artificial appearance well deserves for them the name of Wax Flowers. Price 20 cts. each; 3 for 50 cts., postpaid.

BEST RARE HIBISCUS.

The following varieties of *Hibiscus Chinensis can be used for the garden or lawn during the summer, and in winter will make attractive house plants.* They are of the easiest culture and produce their gay and showy flowers at all seasons of the year.

Hibiscus sub-violaceus. Enormous semi-double flowers of a clear carmine color, tinted with violet. A strong and vigorous grower, an unusually free bloomer, and produces larger flowers than any other Hibiscus. *Highly recommended.* Strong plants 20 cts.

Hibiscus grandiflora. Extra large, single flowers, opening flat, of a vivid crimson scarlet color, with center deep crimson. An excellent companion to *Hibiscus sub-violaceus*, and when planted together there is nothing that will be more showy. 20 cts. each.

SPECIAL OFFER. For 30 cts. *we will mail one plant each of the two Rare Hibiscus.*

Climbing Vines.

THE MANETTIA VINE.

A valuable climbing vine, possessing many real points of merit. Its remarkably continuous and profuse blooming qualities, the ease with which it can be grown, its attractive appearance, its adaptability for both pot culture and bedding, will all tend to make it one of our most popular climbing vines. It is a rapid climber, soon climbing to the height of several feet over a trellis or string, and is splendid for vases, baskets, or for bedding. In the fall it should be lifted and potted, and put in a sunny window, where it will flower freely during the winter. Color most intense fiery scarlet, tipped with gold. 15 cts. each; 10 for $1.00, postpaid.

THE MOON FLOWER.

Ipomæa noctiphiton (*The True Moon Flower*). A remarkably strong and rapid grower, for covering verandas, trees, etc. The flowers are pure white, five inches in diameter, and are produced in the greatest profusion, one thousand buds and flowers being counted at one time on a single vine. The flowers open about five o'clock in the afternoon, and close about eleven o'clock the next morning. 15 cts. each; 8 for $1.00, postpaid.

Ipomæa pandurata, or Hardy Moonflower. The flowers are satiny white, with a pinkish-purple throat, and are produced in large clusters from June to October. Hardy as far north as Boston. 15 cts. each.

PASSIFLORAS.

Every one is familiar with the beauty and graceful climbing habit of the Passifloras. They are valuable for window culture, and can be planted in the open ground during the summer.

Watsoniana. A new French variety of strong and vigorous growth. The color is citron shaded with blue; flowers are medium to large in size and so freely produced that often the foliage is completely covered with blooms. 25 cts.; 5 for $1.00.

Constance Elliott. A valuable white novelty, with large, handsome, and very fragrant flowers. The color is pure ivory white, with raised center. Hardy in the open ground if given a light convering of leaves during the winter. 15 cts. each; 4 for 50 cts.

Arc-en-Ciel, or *Arch of Heaven*, is a splendid climber. In color the raised part is pure white, with a citron-colored center; the outer circle dark and the inner circle white shaded to blue. 15 cts. each; 4 for 50 cts.

Pfordti. A beautiful flower, with a grand combination of colors. It blooms freely when only one foot high. It is the best sort for window culture. 15 cts. each.

Pfordti Variegata. Identical with **Pfordti**, but the foliage is beautifully variegated with rich golden yellow. 20 cts. each; 6 for $1.00, postpaid.

For 60 cts. we send, postpaid, one plant each of the above **four lovely Passifloras.**

Hardy English Clematis.

For covering large spaces quickly the Clematis is unrivaled. They must, however, be well cared for; the soil should be made very rich, deeply dug, and occasionally well watered during dry weather. **All orders for Clematis should be sent in early,** as after April 15th we can only ship by express.

Jackmanii. The flowers, when fully expanded, are from four to six inches in diameter, intense violet purple, with a rich velvety appearance, distinctly veined. It flowers continually from July until cut off by frost. 75 cts. each; extra strong, by express only, $1.00 each.

Clematis crispa. Of the most lavender blue tint on the surface and margin of petals. The center is an opaque white. The flowers are perfumed with a delicious bergamot flavor. 25 cts. each; 5 for $1.00.

Clematis coccinea (*The Coral Clematis*). Flowers of the richest coral-scarlet; borne from June to the end of summer. 25 cts. each; 5 for $1.00.

Clematis viticella (*Blue Bells*). A strong grower, with a profusion of dark blue and purple flowers; excellent for trellis, etc. 20 cts. each; 6 for $1.00.

Clematis flammula. Twining vine, particularly valuable for trellis and pillars; flowers are star-shaped; pure white and very fragrant. 20 cts.; 5 for $1.00.

☞**SPECIAL OFFER.—For $1.00** we will send one strong root each of the above **five Clematis,** postpaid.

PLUMBAGO.

The Plumbagoes are always satisfactory plants, either for pot culture or for the garden. **For 50 cts.** we will mail one plant each of the following four superb sorts:—

Coccinea superba (*New*). Produces long racemes of flowers 12 to 15 inches in length, and of a bright, satiny carmine color. The plants remain in bloom a long time, and are very showy and brilliant. 20 cts. each.

Capensis alba. The counterpart of *Plumbago Capensis*, excepting in color, which is creamy white. A constant bloomer; a splendid new sort. 15 cts. each.

Capensis. A well-known favorite, and always valuable because it produces large trusses of *beautiful light blue* flowers. 15 cts. each.

Larpentæ. This is a hardy variety of Plumbago, with large trusses, which are of the *richest shade of blue.* From August until frost it is one mass of bloom. 15 cts. each.

SCOTT'S NOVELTIES

And Specialties in Flower Seeds.

We discriminate most carefully in the selection of **NOVELTIES,** and in the following pages offer only those of **real worth** and **distinct beauty.** The seeds are of *the very finest quality,* and whatever novelties or specialties the purchaser may select from our list, they cannot fail to delight and please all lovers of New and Beautiful Flowers.

PREMIUMS. Our Flower Seeds are equally as fine as **"Our Strong and Reliable Roses,"** for which our reputation has been established so many years. We want to introduce our Flower Seeds very extensively, and, therefore, to induce our friends to **get up clubs,** or to buy a good assortment for their own planting, we give **extra Flower Seeds,** *purchaser's own selection,* to the value of **fifty cents** for **each dollar's worth ordered.**

For One Dollar, purchasers can select any Flower Seeds to the value of $1.50
For Two Dollars, " " " " " " " 3.00

This liberal offer embraces **all Flower Seeds,** including Novelties and Specialties, at single packet prices, but does not include collections.

Centrosema Grandiflora.

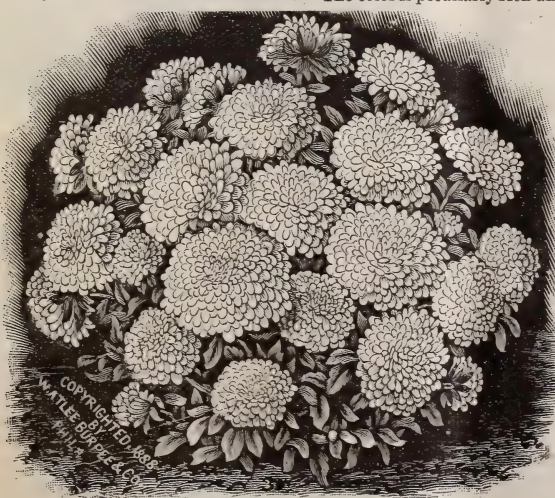
AN ENTIRELY NEW CLIMBER.

The discoverer, Mr. William F. Bassett, of New Jersey, says of it: "I have watched its growth and development the last few seasons, and it is a perfectly hardy vine of rare and exquisite beauty, which, from seed sown in April, even in the poorest soil, will thrive from early June until cut down by frost, and produce in the greatest profusion large clusters of inverted pea-shaped flowers, delightfully fragrant, one and a half to two and a half inches in diameter, and ranging in color from rosy-violet to reddish-purple, with bright feathered markings through the center. The large buds and back of flower are pure white, making it appear as if one plant bore many different colored flowers. It is well adapted for every purpose desired for a climber, running six to eight feet in one season."

We have great pleasure in recommending this wonderful novelty and offering seed grown by Mr. Bassett. Per pkt. 15 cts.; 2 pkts. 25 cts.

TRIUMPH ASTER.

This distinct novelty forms compact plants only about eight inches high. The color is peculiarly rich and brilliant; when beginning to bloom it is a pure scarlet, but when in full bloom it changes to a magnificent satiny scarlet. It is the most charming of all dwarf Scarlet Asters in cultivation to-day. Per pkt. 15 cts.; 2 pkts. for 25 cts.



NEW DWARF WHITE QUEEN ASTER.

NEW DWARF QUEEN ASTERS.

The dwarf, bushy plants grow only ten to twelve inches high, and, branching very freely, make a dense, compact bush. The flowers are of *extraordinary size,* and resemble the finest Victoria Asters in form.

White Queen. Spotless white. 15 cts.
Crimson Queen. Rosy crimson. 15 cts.
Dark Blue Queen. Per pkt. 15 cts.
Light Blue Queen. Per pkt. 15 cts.
Finest mixed. Four colors. 15 cts.

☞ *Any two pkts. for 25 cts.; the set of 5 pkts. for 50 cts.*

NEW COMET ASTERS.

The plants of this new tribe are now perfectly true in character, growing twelve to fifteen inches high. The large, perfectly double flowers measure from three and a half to four and a half inches in diameter, resembling in shape the finest Chinese Chrysanthemums.

Deep Rose. Per pkt. 15 cts.
Pink, Bordered with White. 15 cts.
Finest mixed. Of all colors, a superb strain. Per pkt. 15 cts.; 2 pkts. for 25 cts.

BEGONIA SEMPERFLORENS ATROPUREA VERNON.

BEGONIA—VERNON.

This most remarkable Novelty, coming absolutely true from seed, is of unusual value for bedding, as it will stand our hot summer sun. From seeds sown in February it comes into flower in June and continues to make a most striking effect in beds or borders throughout the entire summer. The flowers are of an *intensely brilliant deep red color;* the foliage is very abundant, stiff, and glossy, and of a fine green color, spotted and margined with *bronze purple;* its bright foliage and brilliant flowers are equally as beautiful in the shade as in the sun. It thrives everywhere and is so easily raised from seed that it will surely rank as *a Novelty of unusual importance*, either for pot culture or for bedding.

Price per pkt. 15 cts.; 2 pkts. for 25 cts.

☞ For plants of Begonias see page 14.

NEW TOM THUMB DAHLIAS.

This is a radical departure in the way of Dahlias and is really beautiful. The perfect little plants, *only twelve to fifteen inches high*, are remarkably regular in their dwarf, bushy habit of growth, and they come into flower very early. Scarcely three months after sowing the seed the plants will be fully developed and covered with showy, pretty flowers, which are produced in constant profusion and great variety the whole summer through. The range of color is something unusual; in many of the flowers the ground is white, with regular zones of magenta, crimson, purple, etc., while in others the ground is yellow or light rose, with charming contrasting variegations. The effect is vivid and striking, yet the blooms may be classed as most refined in their effect.

Per pkt. 15 cts.; 2 pkts. 25 cts.

SUNSET STRAIN OF LARGE-LEAVED COLEUS.

This new strain is really *superb*, embracing varieties of extraordinary merit, all with richly colored leaves of large size. The foliage is beautifully laciniated, of *intensely brilliant colors*, variegated in every conceivable manner, and nearly every plant is entirely different from the others, altogether a *wonderful variety*. The plants from this new race, which cannot be too highly recommended, will prove remarkably effective in decorating baskets or in massing in summer in the open ground. They are *very easily raised from seed*, and one packet will produce an almost endless variety, which will make a gorgeous display throughout the entire summer.

Per pkt. 20 cts.; 3 pkts. for 50 cts.

NEW MIGNONETTE.

Giant Flowered Red Mignonette. *The largest and most showy Mignonette in cultivation.* It is the result of many years' careful selection of machet, from which it is entirely distinct, not only on account of more vigorous growth, larger flower spikes, but also in its **distinct bright red color.** Although compact in habit, it is of vigorous growth, attaining the height of twelve to sixteen inches, and very abundant in bloom.

Per pkt. 15 cts.; 2 pkts. for 25 cts.

Erfurt Mignonette. Several years ago a well-known seedsman of Erfurt introduced "*Hahnemann's New Double Mignonette*" as an entirely new selection—a double-flowered Mignonette. Among the plants grown from seed were produced some remarkable flowers, perfect doubles—so thoroughly double that they of course yielded no seed. While therefore the variety is not entitled to the name New Double Mignonette, yet the flowers are so uniformly good, with heads of great substance, that we take pleasure in introducing it under the name of *Erfurt Mignonette.*

Per pkt. 10 cts.; 3 pkts. for 25 cts.

Scott's Quaker City Mignonette. In SCOTT'S QUAKER CITY MIGNONETTE we have an entirely distinct new variety. The spikes are of *wonderful substance, very full, of a handsome golden-reddish color*, and *unusually sweet.* Too much praise cannot be bestowed upon The QUAKER CITY MIGNONETTE—the most fragrant and best of all Mignonettes, either for the open ground or for pot culture. TRY IT, and we are confident that you will plant it every year. It flowers very quickly from seed. Per pkt. 10 cts.; 3 pkts. for 25 cts.

NEW DWARF MARGUERITE CARNATION.

SUPERB NEW DWARF MARGUERITE CARNATIONS.

This new race of Carnations has created quite a sensation among florists on both sides of the Atlantic, not only on account of their beautiful flowers of all colors and the remarkable percentage that come "doubles," but also from the fact that, unlike all others, *they bloom in about four months from the time of sowing the seed*, and continue to flower until checked by the frost. The most beautiful fragrant Carnation can now be had in full flower in the open garden as easily as the Chinese Pinks! Also for flowering in the house this new strain will be invaluable. The plants are dwarf, branching, compact, and very neat in habit. Per pkt. 10 cts.; 3 pkts. for 25 cts.

☞ **IN MAKING OUT YOUR ORDER** please remember that we give **Extra Flower Seeds**, *purchaser's own selection*, to the value of **Fifty cents for each Dollar's worth** ordered at single packet prices. Our flower seeds are extra choice, and we give this large discount in order to introduce them into thousands of new homes this year.

The Best New & Beautiful Sweet Peas.

Sweet Peas are still advancing in popularity, and we have this year added some sterling novelties to our list of new and rare varieties. Most of these have been obtained from Mr. Eckford, the celebrated English specialist.

APPLE BLOSSOM. A very handsome variety, with three extra-large flowers on a stem; standards apple-blossom, rose-pink, wings exquisite soft blush. Per pkt. 10 cts.; per oz. 25 cts.

MRS. GLADSTONE. The most delicately colored and shaded of any; standards exquisite soft pink, wings dainty blush. Flowers of extra large size and borne three on a stem. Per pkt. 10 cts.; per oz. 25 cts.

MRS. SANKEY. Remarkable for extra-large pure white flowers, three on a stem. Per pkt. 15 cts.

THE QUEEN. Three large flowers on a stem, standards a soft, deep pink, wings delicate mauve. Per pkt. 10 cts.; per oz. 25 cts.

EMPRESS OF INDIA. This grand new variety will please all with its lovely, clear, soft, rose-colored flowers. Per pkt. 10 cts.; per oz. 25 cts.

PRIMROSE. A near approach to a *Yellow Sweet Pea*, quite *novel* and distinct in color; the standards and wings pale *primrose-yellow*. *First-Class Certificate by the R. H. S.* Per pkt. 10 cts.

SPLENDOUR. Rich, bright pinkish-rose, shaded with crimson; flowers large, of finest form. *Certificate R. H. S.* Per pkt. 10 cts.; oz. 30 cts.

PURPLE PRINCE. Maroon standards, shaded with bronze, and purple-blue wings; very fine and superbly distinct. Per pkt. 10 cts.; oz. 25 cts.

PRINCESS OF WALES. Shaded and stained with mauve on a white ground in the most pleasing manner. Per pkt. 10 cts.; oz. 20 cts.

QUEEN OF THE ISLES. A beautiful variety; large flowers handsomely mottled and striped with blue and red. Per pkt. 10 cts.; oz. 25 cts.

GRAND BLUE (Imperial Blue). This is one of the most effective and handsome. It has bright, pure-blue wings, slightly shaded with mauve, standard being a deep, rich purple touched with rose. Per pkt. 10 cts.; oz. 25 cts.

DUCHESS OF EDINBURGH (Autumn Tints). Very beautiful; standard light scarlet, slashed with crimson, slightly margined at the edge with cream-white; wings tipped with rose. Per pkt. 10 cts.; oz. 20 cts.

IMPROVED PAINTED LADY, or Miss Blanche Ferry. We can most heartily recommend this *new early-flowering Sweet Pea*. It bears large pink and white flowers like the beautiful and ever-popular Painted Lady Sweet Pea, but is *very much more free-flowering* and *at least ten days earlier in blooming*. The beautiful flowers are richly fragrant and *produced in the greatest abundance* for a long time. Per pkt. 5 cts.; oz. 10 cts.; ¼ lb 30 cts.; per lb $1.00.

INVINCIBLE CARMINE. A splendid, robust-growing variety, producing a great profusion of bright, glowing carmine flowers, the brightest colored of all Sweet Peas. Per pkt. 10 cts.; oz. 15 cts.

ECKFORD'S NEW SWEET PEAS.

INDIGO KING. The standard is of a dark maroon-purple, with indigo-blue wings. 10 cts.; oz. 20 cts.

PRINCESS LOUISE. The standard is a rich, rosy-pink, while the leaves are a deep lilac-blue. Per pkt. 10 cts.; oz. 15 cts.

Any 3 pkts. of the above for 25 cts., or 7 pkts. for 50 cts., *purchaser's choice of varieties.*

NEW SWEET PEAS, MIXED. We have made a mixture, in proper proportion, of all the above distinct varieties, which we offer at the following moderate prices: Per pkt. 10 cts.; oz. 15 cts.; ¼ lb 35 cts.; per lb $1.25.

ECKFORD'S NEW MIXED SWEET PEAS. This strain of mixed Sweet Peas comprises beautiful new varieties of Mr. Eckford's raising, including many of great merit and various bright colors, making a gorgeous effect. We would recommend a liberal use of this seed. Per pkt. 10 cts.; per oz. 15 cts.; per ¼ lb 40 cts.; per lb $1.50.

ECKFORD'S GILT EDGE, or SURPASSING SWEET PEAS. This mixture embraces all the named varieties raised by Mr. Eckford, and also many new seedlings yet unnamed, some of them of very surpassing beauty, that have been *certificated by the Royal Horticultural Society*. This is *the finest mixture of* **novelties in Sweet Peas** ever offered. Per pkt. 15 cts.; 2 pkts. for 25 cts.; per oz. 30 cts.; ¼ lb 85 cts.; per lb $3.00.

SCOTT'S CHEAP COLLECTION OF FLOWER SEEDS.

FOR 30 CTS. we will send, postpaid, one packet each of the following **12** popular annuals:

New Double Cornflower.	Balsam Camellia-Flowered.	Tom Thumb Sweet Alyssum.
Sweet Peas, mixed.	Pansy, fine mixed.	Asters, mixed.
Mixed Hybrid Cosmos.	Golden Gate Poppy.	Verbena hybrida.
Fordhook Phlox.	Nasturtium Tom Thumb.	Salvia splendens.

☞ One packet each of all the above for 30 cts., or four collections for $1.00. Positively no changes can be made in this collection. It is the cheapest collection of Flower Seeds ever offered, and would be cheap at double the price, but we are determined to introduce our Flower Seeds to thousands of new customers this year, and hence make this **remarkable offer.**

Scott's Mammoth Belgian Pansies.

For many years the growing of the choicest Pansies has been a specialty of our establishment. A few years ago we introduced **Scott's Mammoth Belgian Pansies** as the *largest flowering and most perfect strain ever offered.* Since then many other new strains have been introduced, but none can compare with ours in color, size, or shape. The plants are of compact, bushy growth, producing the large, handsome flowers on long stems well above the foliage. The flowers are of *circular shape, great substance* and *enormous size*, often *surpassing in size* both CASSIER'S GIANT ODIER and TRIMARDEAU, while the form and substance are always incomparably better. They embrace all the varied colors and markings, both showand fancy varieties, for which the finer new strains of Pansies are noted, while in *gigantic-flowered three-spotted* and *five-spotted flowers*, on backgrounds of every color, they particularly eclipse in *brilliancy*, as well as in *size*, all other Pansies. After careful examination of the finest Scotch Show Pansies, *grown from cuttings*, we are warranted in saying that *flowers of equal perfection* and *greater size* can be had *from seed* of our new strain.

Per pkt. 20 cts.; 3 pkts. for 50 cts.; 8 pkts. for $1.00, postpaid.

VICTORIA RED PANSY.

The flowers are throughout of *a beautiful rich, deep red color*, far superior, both in depth, uniformity of color, and in size of flowers, to the Red Ridinghood Pansy. The rich and unusual color will make it a favorite with every lover of the choicest Pansies.

Per pkt. 15 cts.; 2 pkts. for 25 cts.

THE BUGNOT PANSIES.

The petals are beautifully blotched after the manner of *Cassier's Giant Odier*, on various ground colors, but differ from this fine strain in the fact that the color of the blotches radiates through the ground color of the margin of the petals, making a very handsome effect. Of dwarf and sturdy habit, and should be grown to be thoroughly appreciated.

Per pkt. 15 cts.; 2 pkts. for 25 cts.

FIRE KING PANSY.

This novelty comes almost absolutely true, scarcely a plant bearing flowers at variance from the type, which is very distinct and striking. The three lower petals each have a large blotch of deep brown red or magenta margined with yellow, while the upper petals are of a bright reddish brown, of a *really fiery shade*, well warranting the name of **Fire King.**

Per pkt. 10 cts.; 3 pkts. for 25 cts.

SPECIAL OFFER. For **35 cts.** we will send one packet each of the above four new and rare Pansies, and one packet of Imperial German, mixed.

SUPERB, LARGE-FLOWERING, NEW

Imperial German Pansies.

In the *Imperial German Pansies* the labor of many years of careful cultivation and constant selection has resulted in an almost endless variety, of charming shades of color, and good circular substance united with *extra large size* of the flowers. They embrace all the solid or self-colors; delicately shaded flowers; five-spotted on backgrounds of every color; large-spotted; edged or bordered flowers of various colors, each with a distinct rim of white, yellow, or blue; dark and light marbled varieties; flowers with clear, distinct eyes; striped flowers of striking beauty, and vividly-colored fancy varieties, blotched, veined, mottled, and margined in combinations that would be thought impossible.

IMPERIAL GERMAN SPLENDID MIXED. This mixture embraces seeds of over 50 colors and markings. Per pkt. 10 cts.; 3 pkts. for 25 cts.; 15 pkts. for $1.00; ¼ oz. 75 cts.

☞ **The following separate Varieties are each 10 cts. per Packet of 50 Seeds; any 3 pkts. for 25 cts.:—**

1. **Improved Striped.** Of the most brilliant and exquisite tints.
2. **Dark Mahogany with White Margin.**
3. **Dark Mahogany with Yellow Margin.**
4. **Marble Mixed.** Beautifully marbled.
5. **Silver Seam.** Very dark velvet, with silvery edge.
6. **Baron Rothschild.** Of great beauty, each flower being distinctly marked with large, dark-brown spots.
7. **Gloriosa Perfecta, or Improved Quadricolor** (*Rainbow*). Of a reddish, steel-blue color, with white and pink edge.
8. **Fancy Varieties, Splendid Mixed.**
9. **Show Varieties, Splendid Mixed.**
10. **Golden-Bronze, Marbled**, rich and striking.
11. **Bright Purple.** A splendid, very rich color.
12. **Snow Queen, or Snow Fairy.** Pure white.
13. **The Black Prince.** The *rich, glossy black* has a *peculiar, soft, velvety appearance*, hitherto unknown; the magnificent large flowers are of fine circular form and carried well above the foliage.
14. **The Crown Prince.** The flowers are of *rare beauty*, of a deep *velvety black*, with a well-defined, *rich, golden-bronze face.*
15. **Ultramarine Blue.** Lord Beaconsfield, improved.
16. **Large-Spotted, White.**
17. **Large-Spotted, Yellow.**
18. **Red Riding Hood.** Shades of brilliant red.

SPECIAL OFFER.—To induce the forming of clubs for seed of these **Large-Flowering Imperial German Pansies**, we allow purchasers to select packets of all the above 18 varieties (each 10 cts. per pkt.) at the rate of any **3 packets for 25 cts.; 7 packets for 50 cts., or any 15 packets for $1.00**, postpaid, by mail.

THE NEW PHLOXES,

"Starred and Fringed."

The "*Starred and Fringed Phloxes*" are really entitled to rank as a *new race*, and are beyond question *the most striking novelties in Phloxes ever introduced*, being of *unique and indescribable beauty*. In the *Fringed Flowers* the petals are partly fimbriate and partly three-toothed, all distinctly bordered with white, which, together with the bright eye of the center, picturesquely contrasts with the magnificent velvety colors, in more than twenty distinct shades, while many of the flowers *are as large as the Grandiflora Phlox*. In the *Starred Phloxes* the pointed central teeth of the petals (five in number) are five to six times as long as the lateral ones and project beyond them like little spines, one-half inch long, giving the flowers a distinctly marked, regular, *star-like form*, the beauty of which is enhanced by the *broad white margins* bordering the edges of the petals. Per pkt. 10 cts.; 3 pkts. for 25 cts.

FORDHOOK PHLOX.

This new strain of Phlox Drummondii grandiflora is *most remarkable, not only in variety* and *brilliancy* of colors, but also for the *perfection* and *size of the flowers*—many of the single flowers are so large they will very nearly cover a fifty-cent piece. We are sure that our customers, when they see the remarkable brilliancy and pleasing variety of colors produced from this seed, will thank us for recommending a liberal planting. Per liberal pkt. 10 cts.; 3 pkts. 25 cts.; ¼ oz. 30 cts.

NEW LARGE YELLOW PHLOX.

A *rich straw-yellow*, of warm and glowing tone, with flowers of *extra large size* and *fine form*. The clusters of bloom are magnificent, and a noticeable feature is that frequently the large circular flowers are composed of six petals. Per pkt. 10 cts.; 3 pkts. 25 cts., postpaid.

BURPEE'S DEFIANCE PETUNIAS.

This seed is all carefully saved from the finest plants in a large collection of the *new Superbissima type*, and also from other large fringed varieties, which are not offered separately. We inspected the stock of this superb collection last summer, and can, without hesitation, state that it is *the most superb strain in existence*. All the plants were grown from seed, and many individual flowers surpassed in size and delicate shadings the finest varieties propagated from cuttings and sold at a high price. We measured several flowers, which were *over five inches in diameter*. The colors are indescribably rich and varied. We have been fortunate in securing a large stock of this magnificent strain and can offer it to our customers at 25 cts. per pkt.; 3 pkts. for 60 cts., or 6 pkts. for $1.00.

HELIOTROPE.

The Black King. This splendid Heliotrope will give great satisfaction. It comes true from seed, which can be sown in the open ground with entire success. The luxuriant and healthy plants bloom profusely until frost, when they can be taken into the house. The richly fragrant flowers are borne in immense clusters; the color is an unusually rich, dark purple—*nearly black*; undoubtedly the darkest color yet developed in Heliotropes. Per pkt. 15 cts.; 2 pkts. for 25 cts.

DWARF FIREBALL DIANTHUS.

NEW CHINESE PINKS.

New Dwarf Fireball. The dwarf, compact habit of growth of this distinct novelty is accurately shown in the illustration, which also shows a flower natural size. The plants are covered with brilliant *blood-red* double flowers in profusion during the summer and fall months. Per pkt. 15 cts.

Dwarf Snowball. A fitting companion to the preceding, differing only in the flowers, which are *double white*. Invaluable both for bedding and for cut flowers. Per pkt. 10 cts.

New Large-Flowered Dwarf Double Hybrid Pinks. Plants grow only nine inches high and are loaded with extra large double flowers of perfect form and brilliant colors. The flowers are often three inches across. Per pkt. 10 cts.

☞ The three pinks as above for 25 cts.

NEW DOUBLE CORN-FLOWER.

Several years ago the well-known and ever popular old Corn-Flower sported into semi-double and double form. A careful inspection of the originator's crop the past summer, of which we engaged a large quantity of the seed, has conviced us that it is now worthy of general cultivation. It has been so perfected that fully 80 per cent. of the flowers are double and semi-double; they are also increased in size and present many bright colors and distinct markings which have been hitherto unknown. Per pkt. 10 cts; 3 pkts for 25 cts.

THE TULIP POPPY,—PAPAVER GLAUCUM.

NEW TULIP POPPY.

This magnificent Poppy was originally sent from Armenia to Mr. Max Leichtlin, the eminent German hybridizer. Its specific name refers to its bluish-green leaves, which are broadly pinnate or lobed. The plants grow vigorously twelve to fourteen inches high, and make a most valuable addition to our decorative Annuals. The perfect and striking flowers are intensely vivid in color; the two outer petals form a tulip-cup, in which the inner petals are erectly set, forming a pouch-like receptacle, seemingly to protect the anthers; after a time deep black spots appear at the base of each petal. A mere description gives no adequate idea of the superb color-effect presented by a bed or clump of this grand new Poppy. The deeply glowing scarlet of the large flowers is such that one is quickly reminded of the superb *Duc Von Thol* Tulip; hence the name—TULIP POPPY. Per pkt. 15 cts.; 2 pkts. for 25 cts.

FAIRY BLUSH POPPY.

This distinct new Poppy is a *rare novelty* of unusual beauty. The immense globular flowers are perfectly double, and measure from ten to thirteen inches in circumference; the petals are *elegantly fringed* and *pure white*, except at the tips, where they are *distinctly colored with rosy cream;* a light shading of lemon at the base of the central petals gives the flowers an appearance of great depth. The flowers at a distance have the effect of large, white, feathery balls, overcast with a rosy shade, while a close examination only discloses additional beauties. Each plant has from three to five of the magnificent flowers open at one time, and of all Poppies *it remains the longest in flower.* Per pkt. 10 cts.

THE MIKADO POPPY.

This new charming sort is very distinct and strikingly beautiful. The petals are beautifully cut and fringed on the outer ends, while they come together whole at the base. The location of the colors is very strange. The base of the petals, or body of the flowers, is pure white, while the fringed ends of the petals are of a brilliant crimson-scarlet, making a strange and beautiful contrast. A most profuse bloomer. Pkt. 10 cts.

SHIRLEY POPPY.

A new strain of marvelous beauty. The colors range through all shades of delicate rose, pink, carmine, and crimson. Many of the flowers are edged with white and the petals have a glossy texture. A bed of Shirley Poppies, seen for the first time, is something astonishing,—so fine in form and so varied in color. Pkt. 10 cts.

☞ *One pkt. each of the four Poppies for 30 cts.*

A PLANT OF DOUBLE LILLIPUT ZINNIA.

NEW DOUBLE LILLIPUT ZINNIA.

The *Double Lilliput Zinnias* make dwarf, compact bushes, bearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which profusely cover the plants during the entire summer and until frost sets in. The flowers are of very refined form, really charming for bouquets, and embrace a *wide range of both light and dark colors* evenly distributed, such as *we have never seen equaled in any other strain.* There are some Amateurs who consider the large Zinnias rather coarse; to such particularly will this new strain appeal by reason of its refined beauty of form and flowers. Per pkt. 10 cts.; 3 pkts. for 25 cts.

GIANT MAMMOTH ZINNIA.

A particularly fine new class of Zinnias, differing from the older ones in its unusually robust habit of growth and the immense size (four to five inches across) of the perfectly formed, very double flowers of various striking colors. The plants rise to a height of three to three and a quarter feet, are clothed with luxuriant foliage, and bloom freely during a long period. Being of great consistency, the flowers are uninfluenced by heat and remain in good condition for several weeks. The luxurious growth and the large, bright flowers of this novelty make it particularly valuable for large groups, but it will also be found most effective when planted singly or as a border plant in small gardens, and it will undoubtedly soon become a general favorite. *All colors mixed.* Per pkt. 10 cts.; 3 pkts. 25 cts.

NEW VERBENA HYBRIDA.

Extra Fine Mixed, from a superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors as now perfected, this is **superior to the Mammoth Verbena**, and is one of *the finest strains of Verbena hybrida in cultivation to-day.* The seed has been saved not only from a large collection of many bright and pleasing self-colors, but also from the finest varieties of the auricula-eyed type. Per pkt. 15 cts.; 2 pkts. for 25 cts.; ¼ oz. $1.00; per oz. $3.00.

HEBENSTREITIA.

AN ENTIRELY NEW FLOWER.

A lovely new species, resembling Mignonette in its flower cells, while, like Mignonette, it also exhales a most delicious odor, particularly toward evening. It is easily grown, and will thrive anywhere. Two months after sowing the seed the numerous long, showy panicles will be in full perfection. The color is white with blood-red center, extremely interesting and attractive. It is sure to excite remark wherever grown, and will afford real satisfaction to all who take delight in having rare and unusual flowers.

Per pkt. 15 cts.; 2 pkts. for 25 cts.

☞ Please note that we give EXTRA FLOWER SEEDS, purchaser's own selection, to the value of fifty cents for each dollar's worth ordered at single packet prices. Our Flower Seeds are the best it is possible to produce.

Selected List of Flower Seeds.

Below we give a list of the best known annuals, without descriptions. All are choice kinds and sure to give satisfaction, but as so many of our customers ask us to select for them **the best,** we have in this list marked (*) the varieties we would select for our own planting. ☞ **Please observe our prices.** For one dollar we allow purchaser to select flower seeds to the value of $1.50. This liberal offer embraces **all Flower Seeds,** including novelties, but does not include collections.

Summer-Flowering Bulbs.

We have only a few pages of our Catalogue in which to briefly call attention to a few Summer-Flowering Bulbs and Hardy Plants, but we trust that all our customers will include some of these in their order, as they are easily grown and always give abundant satisfaction. We have made our prices low, and send all, postpaid, by mail to any address.

TUBEROUS-ROOTED BEGONIAS—FOR BEDDING.

TUBEROUS-ROOTED BEGONIA.

It is only recently that it has been known what splendid bedding plants the Tuberous-rooted Begonias make, and how magnificently they flower in the open garden under our hot summer sun. The dry tubers can be potted in February or March, and planted out any time in the spring when the ground is warm, and will produce a wealth of beauty and profusion of bloom all the summer and fall months. The bulbs can be taken up after frost and kept over winter in a dry, warm place—as easy to keep and plant as a potato. The beautiful foliage consists of shapely, glistening leaves, gracefully disposed, the plants forming dense oval pyramids crowned with unsurpassed sprays of the most brilliant flowers, some small in size, others of such immense size as to measure from four to six inches across a single flower. Our mixed tubers are all from varieties with splendid flowers, of fine form and substance, of dwarf growth, well adapted for bedding. They are covered with bloom the entire season.

Single varieties in finest mixtures, 15 cts. each; 4 for 50 cts., or $1.50 per doz.

Single varieties in separate colors—**Crimson, Pink, White, Yellow, and Orange**—at 25 cts. each, or $2.50 per doz., purchaser's choice of colors.

Double varieties in finest mixture. These are too expensive for general use for bedding, but are so magnificent that single specimen plants attract universal admiration. Price 50 cts. each; 5 for $2.25, or $5.00 per doz.

SPECIAL OFFER.—For $2.00 we will send, postpaid, 25 finest mixed single varieties, which will plant a bed 4 feet in diameter. ☞ We make this exceptionally low offer to induce our customers to plant a small bed of these beautiful plants, for we know they will give both satisfaction and pleasure.

THREE MEXICAN GEMS.

The three summer-flowering bulbs named below are similar in habit, and their culture is of the easiest. It is only necessary to plant them in good, ordinary soil.

Milla Biflora (Floating Star). The flowers are in pairs, of a pure waxy white, nearly two and a half inches in diameter; the petals are thick and leathery, of great substance. The foliage is slender, rush-leaved. 10 cts. each; 3 for 25 cts.; 12 for $1.00.

Bessera Elegans. It blooms quickly and continues until frost. The flowers are bell-shaped, of a bright coral scarlet color, with white cups and dark-blue anthers. 10 cts. each; 3 for 25 cts.; 7 for 50 cts.

Cyclobothra Flava. Of very graceful habit of growth, producing many clusters of drooping, cup-shaped flowers, golden yellow. 10 cts. each; 3 for 25 cts.; 13 for $1.00

☞ *We will send one bulb each of these* THREE MEXICAN GEMS *for 25 cts., or two bulbs of each for 45 cts.*

APIOS TUBEROSA.

Also called TUBEROUS-ROOTED WISTARIA. This is a native plant, and is one of the most beautiful climbing vines in cultivation. It grows very quickly and attains a great height, making, with its dense foliage and beautiful flowers, a most attractive screen. In vine and foliage it resembles the common Wistaria. It blooms most profusely, bearing lovely clusters of rich, deep purple flowers, possessing a delicious violet fragrance. Plant the bulbs near a trellis, fence, tree, or wherever a rapid-growing climber is desired. The bulbs are perfectly hardy and need not be taken up over winter. A vine sure to grow and give satisfaction. Should be in every garden. 10 cts. each; 3 for 25 cts., or 7 for 50 cts.

MADEIRA VINE.

A beautiful, rapid-growing climber, bearing graceful racemes of very fragrant white flowers. 10 cts. each.

A GROUP OF TIGRIDIAS.

TIGRIDIAS (Shell Flowers).

These are *extremely beautiful*, and should be in every garden. Planted in the open ground in May, they commence blooming early in July, and produce an abundance of gorgeous flowers until October. Late in autumn the bulbs should be lifted, dried, and stored in the cellar.

Tigridia Grandiflora Alba. Its flowers are large, of a clear, pearly-white color, marked at the base of each division with large spots of a reddish-brown on a yellowish ground. 10 cts. each; 6 for 50 cts.

Tigridia Conchiflora. Fine yellow, spotted crimson. 7 cts. each; 4 for 25 cts., or 18 for $1.00.

Tigridia Grandiflora. Very large, bright crimson, center variegated with yellow. 7 cts. each; 4 for 25 cts.

One Bulb of each variety for 20 cts., or six bulbs of each variety for $1.00, postpaid.

THE SPIDER LILY.

THE SPIDER LILY.
(Pancratium Caribbæum.)

A bulb of easiest culture, which freely produces clusters of *large white flowers* of delightful fragrance. They may be grown in pots, in good, rich soil, and will bloom well in the house or conservatory. If planted out in summer, they must be taken up in the fall, potted, and little or no water given until the next season, when the bulb will have increased in size and will bloom more abundantly. The crown of the bulb should be set just below the soil. Price 25 cts. each, or 5 for $1.00.

WHITE SEA DAFFODIL.

(*Pancratium maritimum.*) This valuable summer-flowering bulb is as easily grown as a Tuberose. It gives great satisfaction either in pots or the flower beds. In a very short time after planting, the bulbs throw up long, stout flower stalks; large panicles of pure white, fragrant, Amaryllis-like flowers, with a yellowish cast inside; fragrant. 25 cts. each; 3 for 60 cts.; 7 for $1.00.

THE SPOTTED CALLA.

The leaves of this beautiful Calla are deep green with numerous white spots, which give the plant a fine appearance. The flowers are pure white, with a black center. They grow freely in any soil, either indoors or out, and flower splendidly in the garden. 25 cts. each; 5 for $1.00.

MONTBRETIA CROCOSMIÆFLORA.

This is the best of all *Montbretias*, very hardy and really *frost proof*, as it remains in bloom nearly a month after most other flowers are killed by frost. It is a plant of great beauty, bearing long spikes, with numerous side spikes of large, brilliant flowers—bright orange sprinkled with purple spots. Of vigorous growth and very free blooming, this handsome Montbretia should be in every garden. Price 5 cts. each; 3 for 10 cts.; 12 for 35 cts.

GLOXINIA GRANDIFLORA ERECTA.

GLOXINIAS.

This gorgeous exotic is as easily grown and cared for as many of the common flowers. *They will bloom in three months from time seed is sowed.* They will bloom in **six weeks** from time dry bulb is planted. The flowers will last *in water, when cut,* **over two weeks** *in perfect condition.* They are the most magnificent table decoration we have in summer. Keep the bulbs in pots in the house, or on the veranda, in boxes or little frames outside, and you can cut the flowers all summer.

Their green leaves are surmounted with a cluster of lovely trumpet-shaped flowers. The coloring is exquisite; the groundwork of many is pure white, with throats of blue, scarlet, rose, or crimson; or the tubes are of bright color with white throat. The bulbs should be started in a warm place—greenhouse, hotbed, or sunny window. They will bloom till late in summer, when they should be dried off, letting the leaves die; the pots can be kept over winter in a cellar free from frost.

French Tigered and Spotted, and Crassifolia grandiflora erecta. In splendid mixture, embracing all the best types and colors.

Price of good, strong bulbs, in mixed colors, 25 cents each; 5 for $1.00, or $2.00 per dozen.

TRITOMA UVARIA GRANDIFLORA.
Flaming Torch, or Red-Hot Poker Plant.

At all floral exhibitions, and when sent as cut flowers to the New York market, this plant attracts more attention than any other flower. It grows from four to six feet high; the flower spike is often five feet high, and the flower measures twelve to fifteen inches long and twelve inches in circumference. They are a dazzling scarlet, lower half of flower tinged with rich orange. A clump of these makes a striking show. A good feature is that the flowers are nearly *frost-proof.* 20 cts. each; 3 for 50 cts., or 7 for $1.00, postpaid.

TRITOMA UVARIA.

In making out your order for Bulbs, do not omit **Tuberous-Rooted Begonias,** finest single varieties mixed, and **Excelsior Pearl Tuberoses.** We have a magnificent stock, and our prices are exceptionally low. ☞For discounts see 2d page cover.

Excelsior Pearl Tuberoses.

The Tuberose is justly a universal favorite, and is grown so easily that every garden should have a plentiful supply. It is the most popular of all flowers for button-hole bouquets during August and September. The **New Excelsior Pearl Tuberoses** have been selected with great care and are superior to the ordinary Pearl Tuberoses. This variety is characterized by its short, robust stem and long spikes of large flowers in great profusion, perfectly double and twice the size of the common Tuberose, while of equally delicious fragrance.

Please Note Our Prices. We offer choice large-flowering bulbs of this magnificent strain, postpaid, by mail, at 5 cts. each; 7 for 25 cts.; 16 for 50 cts. By express, extra large bulbs, at $2.50 per 100.

NEW EXCELSIOR PEARL TUBEROSE.

Variegated-Leaved Tuberose.

The leaves of this variety are bordered with creamy white; flowers single but very large and of exquisite fragrance. Bulbs continue to grow and bloom year after year. It blooms several weeks earlier than the other sorts, which adds greatly to its value. Price 10 cts. each; 3 for 25 cts., or $1.00 per doz., by mail, postpaid.

ORANGE FLOWERED TUBEROSE.

A very beautiful variety, with elegant single flowers. It is considered much hardier than any double Tuberose, and more certain to bloom early in the season. The exquisite pure snowy-white flowers rival orange blossoms in sweetness. We offer strong, blooming bulbs at 10 cts. each; 3 for 25 cts.; 6 for 50 cts.; $1.00 per doz.

ZEPHYRANTHES ATAMASCO.

A species allied to the Amaryllis, of the easiest culture, thriving in any garden soil. Planted either in the open ground or in pots, the bulbs produce very beautiful, lily-like flowers, and bloom freely all summer. 10 cts. each; 6 for 50 cts., or $1.00 per doz., postpaid.

Atamasco rosea. This is similar to the preceding, except that the beautiful upright flowers are of a clear, rosy-pink color. 10 cts. each, or 6 for 50 cts.

Amaryllis Formosissima. Intense velvety crimson; a most striking color and flower. 15 cts.; 2 for 25 cts.

Amaryllis treatea. A lovely little species, with pure white flowers; sweet scented and of easy growth. 5 cts. each; 6 for 25 cts., or 45 cts. per doz.

SUMMER-FLOWERING OXALIS.

These useful little plants have been much neglected. They are very effective in masses or beds and are particularly valuable for edgings. The bulbs, when planted three inches apart, produce an unbroken row of elegant foliage and pretty flowers. The bulbs, which are the size of peas, or larger, planted the first of May, or earlier, will flower by the first of June, and will furnish a neat and attractive border the whole season. 12 for 10 cts.; 50 for 25 cts.; 100 for 40 cts.; 500 for $1.50; 1000 for $2.50, of either **Dieppi,** pure white, or **Lasandria,** rosy pink.

H. CANDICANS.

IRIS KÆMPFERII.

The sensation which these grand flowering hardy plants have created within the last few years is not at all astonishing. Their enormous flowers, embracing all the *colors of the rainbow,* their extreme floriferousness, the ease with which they grow and multiply, are reasons enough to make them popular. Their high price has heretofore debarred some from purchasing; now, however, they can be had at very low prices, and every one should order them in quantity. Require plenty of moisture. *True Japanese* importation in various *bright colors.* 20 cts. each; 3 for 50 cts.; 8 for $1.00.

IRIS GERMANICA.

The Iris Germanica is the well-known *Fleur de Lis,* or Lily of France, and certainly the flowers are very beautiful. We offer fine mixed varieties, which will be found very showy for cutting or grouping, blooming freely from the end of May to the middle of June. Bulbs that we sell will flower the first year, and continue to bloom annually for years to come. Price 15 cts. each; 6 for 75 cts.; or 8 for $1.00, postpaid.

Florentine. One of the most beautiful of all the Iris Germanica; the flowers are pure white, delicately penciled with blue. 20 cts. each.

HYACINTHUS CANDICANS.

A very stately bulbous plant, with large, Yucca-like leaves, growing as high as four feet. The flowers are pure white, pendent on the long, whip-like stalks, strong bulbs giving two or more spikes; the number of flowers vary from twenty to sixty on each. The appearance is more like giant Snowdrops than Hyacinths, and as a plant for distant effect it vies with *Yucca filamentosa.* The plant is perfectly hardy, and grows stronger each year. It is very suitable for cemetery decoration, for centers of beds, or for grouping. 5 cts. each; 6 for 25 cts.; 12 for 50 cts.; 30 for $1.00, or $3.00 per 100.

CALADIUM ESCULENTUM.

(Elephant's Ears). A very effective plant, and suitable for either a single plant on the lawn, or for margins of water. Its very distinct, apron-like leaves often attain the length of three feet by twenty inches wide. Bulbs can be stored in dry sand in winter, and kept from year to year. 20 cts. each; $2.00 per doz.

CALADIUM ESCULENTUM.

Named Gladioli for Bedding.

Gladioli attract more attention than any other flower of the season, and are very effective for massing or grouping among shrubs or hardy roses. Having a splendid stock of the following five varieties, we offer them at the exceptionally low price of **5 for 10 cts. or $1.75 per 100**; 200 bulbs or more at **$1.50 per 100**, postpaid, by mail, *purchaser's choice of varieties*, and all good flowering bulbs. $12.50 per 1000, by express, at purchaser's expense for transportation.

BRENCHLEYENSIS. This brilliant Gladiolus should be extensively used for massing; the bulbs, grown in Holland in immense quantities, are used in England, literally, *by the million.* A field of them will burst into a blaze of bloom of *positively dazzling brilliancy*, so that it is almost impossible to look upon it; they are certainly unsurpassed for use in massing and for background or scattered among shrubbery. They come quickly into bloom, while they can also be planted in this latitude as late as the middle of July, and will even then bloom before frost. The flowers are of a dazzling scarlet color, of good size, almost enveloping the entire spike, which is very long. 5 bulbs for 10 cts.; 50 for $1.00; 100 for $1.75.

CERES. This makes an excellent contrast to the Brenchleyensis for massing; the long spikes are perfectly straight, with large flowers of great substance, well formed and all facing one way, making a solid wall of flowers up the entire front of each spike. The ground color is pure white, while each flower has a conspicuous large blotch of violet-rose; a line or row in full bloom makes a very pleasing, distinct, and attractive appearance. 5 bulbs or more at 2 cts. each; 100 for $1.75.

MADAME MONNERET. We are glad to be able to include this lovely variety in our special cheap offer of Gladioli. It is a splendid, vigorous grower, with great spikes of delicate rose-colored flowers, exquisitely attractive, and valuable for cutting. Never before has this fine variety been offered as cheap. 5 bulbs for 10 cts.; 50 for $1.00; 100 for $1.75.

STELLA. One of the most beautiful varieties; large flowers, clear white, handsomely flamed with carmine. This is one of the oldest and most popular varieties and has never before been offered at such a low price; if planted together with the varieties described above is sure to make an attractive contrast. 5 bulbs for 10 cts.; 50 bulbs for $1.00; 100 for $1.75.

NAPOLEON III. Fine large spikes of intensely scarlet flowers, each with a clear white throat. Few Gladioli can compare with this well-known variety for brilliancy of color and handsome markings. For grouping this is one of the very best varieties, as the large, showy spikes of well-formed flowers stand out most prominently when planted among shrubbery. 5 bulbs for 10 cts.; 50 bulbs for $1.00; 100 for $1.75.

FOUR SPLENDID NEW AND RARE GLADIOLI.

Snow White. This is *the best White Gladiolus in cultivation;* the spikes are of good size, *set solidly and perfectly with the florets from bottom to top.*

CORSAIR. Grand spikes of intense dark velvety-scarlet flowers, very distinct and attractive.

Aurore. Very bright and lovely shade; pure salmon rose, striped orange and lilac, blotched cherry rose. This grand variety wholesales in Europe at 60 cts.

Mad. Auber. Magnificent flowers of most beautiful rose and white, contrasting very effectively.

PRICES for any of the above varieties by mail, postpaid, 35 cts. each; 3 for $1.00; or 4 for $1.25.

SUPERB NEW SEEDLINGS.

These seedlings have all been grown from the choicest seed carefully saved from *most beautiful French Hybrids*, and embrace a wide range of colors. They are in every way equal to the choicest named varieties, which cost many times as much. Our Seedling Gladioli can be relied upon to bloom freely, and embrace all shades of buff, salmon, pink, crimson, yellow, white, lemon, rose, maroon, scarlet, cherry, and beautifully variegated and oddly marked varieties—in fact, *no two are alike.* We recommend a liberal planting of these,—they are so good that we know the bulbs will give a magnificent return in cut flowers.

Prices of our **finest selected Seedlings**, good bulbs, guaranteed to flower, **4 for 25 cts.; 10 for 50 cts.; 60 cts. per dozen; 24 for $1.00, or $4.00 per 100, by mail, postpaid.** By freight or express, $3.50 per 100.

LEMOINEI SEEDLINGS.

We offer a splendid collection of various beautiful colors. None but the choicest and best seedlings have been retained from careful selections. While the flower spikes are not so grand and large as in our *Superb French Hybrid Seedlings* described above, yet the colors are *more intense* and *vivid* than in any other Gladioli. Good flowering bulbs, all new Lemoinei Seedlings, price **10 cts. each; 75 cts. per dozen; $4.50 per 100**, postpaid.

FINE MIXED GLADIOLI.

Our mixed Gladioli embrace a magnificent variety of beautiful colors, all the poorer sorts having been discarded when in flower. We trust that many of our friends will avail themselves of these very low prices to plant largely; the spikes of bloom, richness and brilliancy of color are out of all proportion to the trifling cost.

First Size Bulbs, extra fine mixed, of all colors, **3 for 10 cts.; 30 cts. per dozen, or $2.00 per 100, postpaid.** By express, $1.75 per 100, or $16.50 per 1000.

Second Size Bulbs, which will all flower the first summer, **5 for 10 cts., or 20 cts. per dozen, postpaid.** By express or freight, $1.25 per 100; $12.00 per 1000.

LILIUM AURATUM.

The Golden-Banded Lily of Japan.

This is justly entitled to the name often given it—**The Queen of Lilies**—as it is decidedly *the most beautiful of all Lilies*. The immense blooms—measuring nearly a foot in width when fully expanded—are produced in the greatest profusion, and are *deliciously fragrant*. In beauty of color and markings it surpasses all other Lilies; the large white petals are thickly spotted with rich chocolate-crimson, and have a bright golden-yellow band through the center of each. This magnificent Lily succeeds well everywhere, and should be in every garden. We offer the finest imported Japanese bulbs at 30 cts. each; 6 for $1.50, or $3.00 per dozen, postpaid, by mail.

LILIUM TENUIFOLIUM.

The Coral Lily of Siberia.

One of the most charming of all Lilies—no words can adequately describe the elegant appearance of the flower and foliage. The wax-like petals are beautifully reflexed, as shown in the engraving; the dazzling vermilion flowers, suspended fairy-like on graceful stems above and among the glossy, narrow foliage, are exquisite. Plant them in loose, sandy soil; avoid a place where water stands during the winter. Price 25 cts. each; 5 for $1.00.

OTHER LILIES.

Besides the *Lilium auratum* and *L. tenuifolium*, described above, we offer below a collection of the finest Lilies, that are of easy growth and bloom freely in the garden in summer. Our prices are for fine flowering bulbs, **all postpaid, by mail:—**

Candidum (*Lily of the Annunciation*). This Lily is the emblem of purity. The deep lemon anthers contrast beautifully with the wax-like petals. The fragrance is delicious and never oppressive. It is one of the best of Lilies to grow in the house or outside. Perfectly hardy. 15 cts. each; 2 for 25 cts.; 5 for 50 cts.; $1.00 per dozen.

Elegans—Aurea maculatum. Of intensely bright and pleasing tints; rich rose, with large blotch on each petal of pure light lemon, in most effective contrast. Flowers of fine form and striking effect. Price 15 cts. each, or 8 for $1.00.

Elegans—mixed. Embracing beautiful and distinct new varieties which, both for pot culture and for masses of color in the open garden, are unsurpassed. All are *early flowering* and sure to bloom in June or July. They are very hardy growing and thrive under almost any conditions. Price 10 cts. each; 3 for 25 cts., or $1.00 per doz. by mail, postpaid. By express, at expense of purchaser, 25 bulbs for $1.75; 100 bulbs for $6.50.

LILIUM AURATUM.

Longiflorum. The well-known, beautiful, snow-white, fragrant Lily; fine for forcing. 20 cts. each; 6 for $1.00.

Harrisi. The well-known *Bermuda Easter Lily*, producing numerous large white flowers; universally popular. 30 cts. each, or 4 for $1.00.

Speciosum monstrosum album. An interesting and distinct variety; with a broad, flat stem; pure white flowers of fine form. 25 cts. each, or 5 for $1.00.

Speciosum roseum or rubrum. Rose, spotted with crimson. 15 cts. each; $1.50 per dozen.

Tigrinum flore pleno—the Double Tiger Lily. Of stately habit; foliage dark green, bearing an immense number of double, bright orange-red flowers, spotted with black. *This is one of the most showy and brilliant of all Lilies.* 15 cts. each; 2 for 25 cts.; 5 for 50 cts.

Wallacei. A magnificent Japanese variety, with beautiful, clear buff flowers, freely spotted with maroon; very distinct and *extremely beautiful*, particularly in clumps. 15 cts. each; 2 for 25 cts.; 5 for 50 cts., or 12 for $1.00.

ACHILLEA—THE PEARL.

ACHILLEA ALBA, THE PEARL.

A new variety originating in France; the flowers are much larger than Achillea alba flore pleno, and instead of a trailing habit, the growth is erect, forming a beautiful plant from eighteen inches to two feet in height. It is completely covered with pure white flowers from July until frost, is perfectly hardy, and will thrive in any soil or situation. Price 25 cts. each; 5 for $1.00, postpaid.

NEW GLADIOLI CHILDSI.

This wonderful class of Hybrid Gladioli was produced by Herr Max Leichtlin, of Germany, the most noted horticulturist in the world, and is the result of crossing and re-crossing G. Saundersoni with G. Gandevensis. The flowers are of great substance and of gigantic size, frequently seven to nine inches across. The form of both the flower and spike is perfection itself, and they last in bloom a long time before fading. The most remarkable feature is their coloring. Orchids can not surpass them in varied and delicate shades, markings, and blendings, and in this peculiar network of charming spots and varied colors lies one of its most special points of beauty.

All colors mixed, large flowering bulbs, 40 cts. each; 3 for $1.00; 7 for $2.00; 12 for $3.50; 25 for $7.00; 100 for $26.00.

Hardy Ornamental Shrubs.

A few hardy shrubs are a necessity in every garden; they require very little care, are perfectly hardy, and by planting a few distinct sorts they will flower in succession and make the bed attractive during the whole season. The plants we supply are strong one-year-old plants, many of which will flower the first season.

PRICE: STRONG PLANTS BY MAIL, 15 CENTS EACH; FOUR FOR 50 CENTS; EIGHT FOR $1.00; THE ENTIRE SET OF 21 SORTS FOR $1.75.

Althea, Variegated-leaved. A very fine distinct variety; growth compact; about half of each leaf bright green and clear white; flowers bright pink and very double.

Double White. Large double blossoms. Extra fine.

Berberry, Purple-leaved. Rich violet-purple leaves and pretty yellow flowers. One of the most beautiful and attractive of all shrubs.

Calycanthus (Sweet-scented Shrub). Double, very fragrant; blooms throughout the summer; pineapple fragrance.

Deutzia, Pride of Rochester. Resembles Deutzia Crenata—except that the flowers are pure white, the back of petals only being slightly tinged with rose; it excels all other sorts in size of flowers and profusion of bloom.

Crenata. An elegant shrub; height 3 to 5 feet; flower double, white, tinged with delicate pink.

Gracilis. Two feet high, compact, very bushy, and completely covered with pure white flowers.

Forsythia Viridissima (Golden Bell). Beautiful yellow, bell-shaped flowers, early and profuse bloomer.

Suspensa. An elegant shrub of a beautiful weeping habit, glossy leaves and golden-yellow flowers.

Lilac Purple. A fine old shrub.

Purple Fringe. This grand shrub is covered in midsummer with fine, hair-like flowers, giving the whole plant the appearance of being wrapped in a cloud of purple mist. Striking and beautiful.

Snowball. A vigorous grower, producing compact balls of elegant white flowers.

Spirea Aurea. A grand shrub, with bright golden-yellow foliage. Very conspicuous, and contrasts finely with other sorts. Flowers white.

Spirea Van Houttei. This rare variety is the most showy of all the Spireas, and is one of the very best flowering shrubs in cultivation. In the spring the plants are a perfect snowbank of bloom, the long, slender branches drooping gracefully with their weight of flowers. Strong growing and entirely hardy, it is also ornamental for its rich blue-green foliage.

Spirea Reevesi. Pure white blossoms, very double, like small roses.

Spirea Thunbergi. Beautiful fern-like leaves, which remain until late fall, changing from green to most glowing and rich colors. Forms a large, dense bush, which in spring is a perfect mass of elegant white flowers.

Tamarix Africana. A graceful shrub, having pink flowers and leaves like an evergreen. Unlike all other shrubs.

Mock Orange (Syringa). A rapid-growing, medium-sized shrub, with very fragrant white flowers which closely resemble orange blossoms.

Weigela Rosea. This is one of the most popular of hardy shrubs; flowers beautiful rose color, in great abundance.

Variegata. Similar to Rosea, except that the foliage is beautifully variegated with white.

Yucca Filamentosa. A hardy evergreen, known as the "*Thread and Needle Plant;*" tall stalks, with pendulous, bell-shaped, creamy-white blossoms. Flowers more profusely each year. 15 cts. each; 5 for 50 cts.

Hydrangea Grandiflora.

This plant is now the most popular summer-flowering shrub, and is a wonderful plant when grown properly. It wants all the sunshine possible to give it, and should be planted in rich soil and well cared for. It is one of those shrubs that require pruning after the leaves fall in autumn and before it commences to grow in the spring, cutting back to plump, well-ripened eyes. With such treatment it is then always very handsome. Its immense panicles of flowers of creamy white, shading to blush and pink, last for weeks in perfection. Flowering as it does, during August and September, it is one of the most desirable shrubs, and forms a magnificent object on the lawn. An occasional bucket of weak manure water in July and August will increase the size of the flowers. Each 20 cts.; six for $1.00. Large two year-old plants, by express, 50 cts. each.; $5.00 per dozen.

Hardy Climbing Vines.

HONEYSUCKLE, Golden-leaved. Of moderate growth; leaves beautifully veined and netted with clear yellow, *so that the prevailing color of the foliage is bright yellow;* flowers yellow and fragrant; admirable for pillar and trellis work. 15 cts.

HONEYSUCKLE, European Sweet-Scented (Belgian). A fine, hardy grower; flowers large and exceedingly sweet; color buff, yellow, and red; a constant bloomer; one of the finest Honeysuckles; suitable for trellis or pillar. 15 cts. each.

HONEYSUCKLE Halliana. A new variety lately introduced from Japan; it is evergreen and a constant bloomer; flowers pure white, changing to yellow; very fragrant; good for trellis or pillar; one of the very best varieties for all purposes. 15 cts. each.

HONEYSUCKLE, Red Coral. A hardy, rapid grower, bright red, trumpet-shaped flowers. 15 cts. each.

HONEYSUCKLE, Chinese Evergreen (*Woodbine*). Red, yellow, and white variegated flowers. 15 cts.

HONEYSUCKLE, Japan Sweet-Scented. Beautiful large flowers; pale yellow and white; exquisitely sweet; a constant bloomer. 15 cts.

CINNAMON VINE, or *Chinese Yam,* is a tuberous-rooted climbing vine that grows with great rapidity, quickly covering walls, trellises, etc. Its bright, lively green foliage makes a most attractive, dense screen. *Good, strong Tubers* at 15 cts. each; 2 for 25 cts.

BIGNONIA GRANDIFLORA (Giant Trumpet Vine). For covering unsightly places, stumps, rockwork, or planting in crevices or on ledges, the Bignonias will be found very useful. The flowers are very large, of an orange-red color, attractive and showy, and borne profusely when the plant attains a fair size. Price 15 cts. each; 4 for 50 cts.

AKEBIA QUINATA. One of the best climbers, bearing numberless bunches of violet-brown flowers, which have a pleasant cinnamon odor. It begins to bloom early in the spring, and continues several weeks. In good soil and location it will grow thirty to forty feet high. 25 cents each.

AMPELOPSIS VEITCHI (Japan Ivy). A miniature form of the American Ivy, clinging to a brick or stone wall, and covering densely great breadths of wall in a few years; succeeding in almost any position. Truly a gem among climbers. The texture is leathery and smooth, the foliage is closely overlapping, not a stem visible, and is a rich shade of green in the summer, but in the fall it assumes the most gorgeous tints of *scarlet, crimson,* and *orange.* Good plants 15 cts. each; 4 for 50 cts., by mail. Larger plants, by express, 35 cts. each; 3 for $1.00.

CLEMATIS KERMISINUS. A splendid new variety, with flowers of medium size and of bright wine-red color. When in full bloom the vine is a perfect sheet of a beautiful **wine-red color.** $1.00 each.

☞In addition to the above Hardy Climbing Vines, please note our **English Clematis, Passifloras, Manettia Vine,** and **Moonflower,** described on page 20.

SAUROMATUM SIMLENSE.

(*Snake Lily—Amorphophallus Simlense.*)

A most wonderful bulb, native of Africa, introduced by us; bears a very remarkable flower thirty inches in length, the inside of which is of a peculiar *golden* color, profusely spotted with rich purple and brown blotches, while the back is of a metallic-brown, and the spadix (fifteen inches long) is of a frosty purplish brown. Altogether, one of the strangest flowers seen. Price 40 cts. each.

HARDY CYCLAMEN.

Certainly the most interesting and beautiful of spring-flowering bulbs. Not only are the flowers of striking beauty, but the foliage is also highly ornamental, with various shades of green, gray, and white. They would no doubt prove hardy in any but the coldest locality, but it would seem wasteful to plant them out, when their extreme beauty can be enjoyed indoors during summer and winter. They begin to bloom as soon as planted, and produce their fine foliage in abundance.

Cyclamen Europæum. Hardy in the garden if planted four inches deep. Rosy pink flowers in autumn; beautiful foliage. 15 cts.; 2 for 25 cts.

AMORPHOPHALLUS RIVIERI.

The growing plant and flower shown in cut represent this faithfully. The flower rises to a height of four feet, it is almost black, and the stem is beautifully speckled with light green and rose. The foliage is grand, three feet high, and wide, like a fine palm; of easiest growth. 40 cts. to $1.00 each. The two for 70 cts.

SAUROMATUM AND AMORPHOPHALLUS.

AMARYLLIS BELLADONNA.

A noble flower from the Cape of Good Hope; perfectly hardy south of Washington, and even further north if planted a foot deep and covered. The flowers appear in the fall, and are of the most beautiful satiny rose imaginable, and of exquisite fragrance. They are produced in umbels of six to twelve flowers in a cluster. Large bulbs, of blooming size, 25 cts.; 2 for 40 cts.

AMARYLLIS BELLADONNA.

Hemerocallis Kwanso Flore Pleno.

(*Crown Day Lily*).

Well illustrated herewith. Is a *perfectly double-flowering* sort; a profuse bloomer; most brilliant in colors. The flowers are produced in clusters; they are of a bright orange-yellow, and each petal is marked with a large crimson blotch, forming a circle around the flower. It can be highly recommended for every garden. 20 cts. each; 3 for 50 cts.

CROWN DAY LILY.

Two Grand New Cannas.

There has been nothing offered in recent years that possesses such real and intrinsic value and merit as Madame Crozy and Star of 91 Cannas. When the large size of the flowers and the large heads of bloom are taken in connection with the freedom with which they bloom, they make the most attractive plants for bedding that it can be possible to conceive of. The price of these grand varieties has been from 75 cts. to $1.00 each, but this year our prices are so low that everyone can have at least a plant of each. Please note our seedling plants of Madame Crozy; they are strong, thrifty plants, and at 10 for $1.00 they should be used largely.

MADAME CROZY.

MADAME CROZY.

This Canna is one that everyone can succeed with, as it will grow in the open ground as readily and easily as the common varieties of Cannas. The flowers are flaming scarlet, bordered with gold, a marvelous combination of colors, having all the delicacy and beauty of the rarest orchid. The plants produce all the wealth, richness, and the tropical luxuriance of the common kinds, added to which is the gorgeousness of their flaming panicles of bloom, which are borne in immense heads at the terminus of each shoot. They produce a very much greater effect than Gladioli, being very much larger. Strong roots 35 cts. each; 4 for $1.00, postpaid.

STAR OF 91.

A variety resembling Madame Crozy, but with many valuable features of its own distinct and characteristic. It is of a dwarf habit and very floriferous, the plants being nearly covered with a mass of scarlet. Planted as an edging to Madame Crozy, it improves the effect of the bed. It is an elegant pot plant and will bloom in the house in the winter splendidly, for which purpose in it is admirably suited. As a pot plant for florists' sale it bids fair to eclipse anything that has been offered for years, as its attractiveness and ease of culture make it a plant a florist can recommend, knowing it will please all purchasers. Strong roots 35 cts. each; 4 for $1.00, postpaid.

For 50 cts. we will send one root each of Madame Crozy and Star of 91 Cannas.

SPECIAL OFFER.

FOR $5.00 we will send 15 Mad. Crozy and 15 Star of 91—30 Cannas in all—by express only, purchaser paying express charges. Never before have these grand Cannas been offered at so low a price.

SEEDLING PLANTS OF MADAME CROZY CANNA.

We have a splendid stock of plants raised from seed of Madame Crozy Canna, and to induce all our customers to plant a bed of this superb novelty we offer them at the low price of 15 cts. each; 4 for 50 cts.; 10 for $1.00, postpaid. ☞ *Do not fail to order a few of these,* for we know you will be more than pleased with the result.

SEED OF CROZY'S NEW DWARF CANNAS.

The new everblooming large-flowering French Cannas are the most popular of all bedding plants. They will grow and flower from June until cut down by frost, and can then be wintered in the cellar and planted out the following spring. For beds or lawns, or in front of shrubbery, nothing is more desirable, and they are much less expensive than Geraniums. The plants are only about three feet in height and extremely handsome. The flowers in size and shape resemble Gladioli and are borne on spikes, often bearing from *twelve to twenty-three flowers in full bloom upon a single spike.* We do not offer named plants, but have both plants and seed of the finest mixed varieties, embracing some of the best sorts in cultivation.

Seed of Crozy's New Dwarf Canna, 10 cts. per pkt.; 3 pkts. for 25 cts.
Seedling Plants for 2½ inch pots, 15 cts. each; 5 for 50 cts.; 12 for $1.00.

Spring, 1893.

Wholesale Price List.

MARGARET DICKSON.

Robert Scott & Son,

19th and Catharine Sts., Philadelphia, Pa.

To the Trade.

This Price List is for Florists and Dealers only. The prices are exceptionally low, when the quality of our stock is considered, and are net without discount.

Any order you may favor us with will have our prompt and best attention, and we guarantee satisfaction. Address all orders to

ROBERT SCOTT & SON,

19th and Catharine Sts.,

PHILADELPHIA, PA.

We cordially invite an inspection of stock.

Our Penrose Nurseries are at 18th and Passyunk Ave.

Take the 12th St. Car to 16th and Passyunk Ave. and walk two squares west.

TWO NEW ROSES FOR 1893.

MADAME CAROLINE TESTOUT. A new Hybrid Tea that will take equal rank with "La France," to which it bears resemblance. It has the same form, but the color is a deep, satiny rose, with a brilliant pink center. This grand new Rose has already become very popular in New York, and many Rose growers predict that before another year it will have taken the place of La France. Strong plants from 3-inch pots $25.00 per 100; 2½-inch pots $17.00 per 100, $150.00 per 1000.

New Hybrid Perpetual Rose, Margaret Dickson.

Awarded the Gold Medal and six First-class Certificates in England.

This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its beauty and worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the Gold Medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year, and while it has never been tested in America, we have no hesitation in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white with pale flesh center, petals very large, shell-shape, and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems, are very double, and have the true Magnolia fragrance. The habit of growth is vigorous, with large and luxuriant foliage. Strong plants on own roots, from 5-inch pots, $6.00 per dozen; 2½-inch pots, ready in May, $15.00 per 100.

☞ Our stock of American Beauty Roses is in the best possible condition, and the price is only $8.00 per 100.

THE KENTIA PALM.

The Kentia is one of the most beautiful Palms in cultivation. It is also the best for decorating, because of its toughness and hardiness. We have an exceptionally large stock of young plants, in 2½, 3, 4, and 5-inch pots, which, if potted up during the early spring months, will produce splendid plants for next fall and winter sales.

4- " " " . . . . . $5.00 per doz., $35.00 per 100.

ARECA LUTESCANS.

4-inch pot plants, ... $35.00 per 100.

SCOTT'S ROSES.

To Florists desiring strong, healthy, young Roses we would state that our stock is second to none in the country. Our plants were propagated in July and August and kept in cool greenhouses during the winter, and are now pushing out into a strong, vigorous growth. We would also call attention to the fact that we grow the **best varieties only**. Our prices will compare favorably with any first-class house, and we solicit a trial order.

Roses for Forcing.

	2½-inch pots. Per 100.
AMERICAN BEAUTY. A constant-blooming Hybrid Perpetual, with enormous buds and large, full flowers; color glowing carmine. We have a splendid stock of this superb Rose, and florists who expect to plant it largely for next winter will consult their best interest by getting our prices for 1000, ...	$8 00
PERLE DES JARDINS. Canary yellow; large, or very large; full, well-formed, stiff stems; very free; a superb Rose for forcing, and fine also for the open air, . .	5 00
PAPA GONTIER. Large, finely-formed buds and flowers, full and fragrant. This variety will be much sought after, on account of its beautiful buds, for wearing and for vases; the flowers are large and long, with thick, broad petals of a dark crimson, changing to pale rose, ...	5 00
CATHARINE MERMET. Color, flesh-colored rose; large, full, and of exquisite form; grown extensively for buds, ...	4 00
DUCHESS OF ALBANY. A sport from *La France*, and retains all the characteristics of the type, with the blooms *three to four shades darker*, of a deep rose-pink hue,	6 00
LA FRANCE. A general favorite, and is the sweetest of all roses; color, silvery rose, changing to pink; very large, full, globular; a most constant bloomer. If the buds remain firm, by pressing gently the point and blowing into the center the flowers will almost invariably expand, ...	5 00

2½-inch pots.
Per 100.

EVER-BLOOMING ROSE—METEOR. The Meteor is a remarkably rich, dark velvety crimson, Hybrid Tea Rose. It is a constant and good bloomer, very vigorous and healthy in growth, with no tendency to mildew. *No red Rose ever before offered retains its color as does the Meteor,* $6 00

PIERRE GUILLOT. One of the finest of the Hybrid Teas ; bright crimson, changing to brilliant carmine ; flowers large, double, and full ; very fragrant, ... 6 00

THE BRIDE. The finest white Rose ever offered. The buds are very large and of exquisite form, and the full flower is very double, measuring from 3½ to 4 inches in diameter. The color is a delicate, creamy white, ... 4 00

MADAME CUSIN. A striking and beautiful Rose ; color, bright, purplish crimson, with white center, tinged and shaded with yellow. The flowers of this Rose, when cut, will last longer than any other variety, ... 6 00

WHITE LA FRANCE (Augustine Guinoisseau). A seedling from *La France*, retaining the habit of growth, fragrance, and blooming qualities of the parent variety ; with flowers of a pearly white, shading toward the center to light rose, . 8 00

CLIMBING NIPHETOS. The blooms are produced from the lateral shoots and are very large, with broad, thick petals; color, pure white, with pale lemon center ; beautiful long, pointed buds, very fragrant, ... 8 00

CLIMBING PERLE DES JARDINS. Same as the well-known *Perle des Jardins*, but of climbing habit, ... 6 00

MAD. SABLAYROLLES. A superb sort, equally valuable for foliage and flowers. The foliage is thick and leathery, of a dark, rich green, with the young foliage of bright crimson. Magnificent buds of salmon yellow, edge of petals bordered with delicate rose. Large, thick petals and delightful tea fragrance, ... 15 00

PERNET'S TRIUMPH. A new Hybrid Tea of strong constitution and fine habit. The flowers are double and of heavy texture, with long, pointed buds. This variety will take front rank among our Hybrid Teas, and is one of the best varieties for 1893, 12 00

THE QUEEN. A vigorous, healthy grower, and one of the heaviest and most continuous of bloomers. The flowers are large and full ; color, pure snow white, and very sweet ; very beautiful buds, opens well, and has good substance, ... 6 00

MARION DINGEE. A splendid new Rose of short, compact growth and a most constant and profuse bloomer. The color is deep crimson, changing to carmine with age, ... 15 00

CHRISTINE DE NOUE. A splendid free-flowering Rose of a rich crimson color, shading to deep pink in the center ; large, broad petals, beautiful buds, and deliciously sweet, ... 15 00

WOOTTEN. A Hybrid Tea Rose, with foliage of substantial texture, and the *grand flowers are as large as the Hybrid Perpetual, of a rich crimson color*, ... 5 00

MRS. DE GRAW. A variety we can recommend, as it is entirely hardy and equals the tender sorts in profusion of bloom from early summer until frost. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong grower that it is almost impregnable against the attacks of insects which destroy some of our finest Roses. Unequaled both for the garden and for the cemetery, ... 6 00

MAD. ELIE LAMBERT. Of strong and vigorous growth and very floriferous. The flowers are medium to large in size, and very beautifully formed in the shape of a globous cup of exquisite grace. Color, carnation rose of a delicate freshness, with the outer petals pearly white. A charming variety, of which we cannot speak too highly, ... 6 00

STANDARD LIST OF EVER-BLOOMING ROSES.

ROSE CLOTILDE SOUPERT FOR BEDDING.

For cut flowers in the open ground during the summer months Clotilde Soupert is indispensable. It is always in bloom, can be used either for funeral work or for bouquets, and is perfectly hardy. We expect to plant 4000 plants for this purpose ourselves, and would advise all florists needing a constant supply of Roses in the summer to plant it largely. The growth is not as dwarf as the Polyanthas, and the flowers are much larger. It has stood ten degrees below zero without protection, and from June until frost it is one mass of buds and flowers. The color is pearly white, shading to a center of rosy pink. The flowers are borne in clusters, very double and handsomely formed. Price $4.00 per 100 ; $40.00 per 1000.

FIELD-GROWN ROSES.

We have a splendid stock of field-grown Roses in the following varieties, in 4 , 5-, and 6-inch pots. Prices :—

Prices : 4-inch pots, $15.00 per 100 ; 5-inch pots, $25.00 per 100 ; 6-inch pots, $35.00 per 100.

Strong budded stock of La France and Duchess of Albany, $30.00 per 100.

NEW AND RARE CHRYSANTHEMUMS.

MRS. CRAIG LIPPINCOTT. This magnificent new Chrysanthemum was exhibited for the first time last fall, measuring over nine inches in diameter, and is one of the largest yellow Chrysanthemums ever introduced. The color is deep, rich yellow, the half expanded flower incurving and resembling an immense Henry E. Widener. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer retailed cut blooms last fall for $1.00 per bloom. Awarded the silver medal by the Pennsylvania Horticultural Society.

40 cts. each ; $30.00 per 100.

MRS. J. G. WHILLDIN. A handsome yellow variety of light tint ; splendid in size and form, and a magnificent addition to the scarce, very early, large-flowering varieties. Has attained great popularity the past year.

$10.00 per 100.

ROSLYN. A superb, clear mermet rose-pink ; petals thick and heavy ; cup shaped flowers ; extra large. Awarded silver medal by Pennsylvania Horticultural Society, and certificate of merit at Madison Square.

$10.00 per 100.

MADAME BERGMAN. A grand new Chinese variety of dwarf habit, very full in growth, and with large, dark-green foliage. The flowers are large and globular, with reflexed petals. Color pure white, center shaded with light yellow. Especially valuable because it is the earliest of all the large-flowering sorts.

$6.00 per 100.

FLORISTS desiring anything in Plants, Seeds, or Bulbs offered in our Retail Catalogue will consult their best interests by sending us a list of their wants to be priced. We will give our best wholesale prices, and guarantee all stock sold by us to be true to name and to arrive in good growing condition.

ROBERT SCOTT & SON,

19th and Catharine Sts., Philadelphia, Pa.

Scott's $1.00 Plant Collections

THE following COLLECTIONS of Plants will materially assist our customers in making out their spring orders for Plants and Bulbs. All the collections have been personally selected: it is only by preparing them nearly a year ahead, and growing in immense quantities, that we can afford to offer them at such exceptional low prices. Unlike most of the cheap collections usually offered, *each plant is distinctly labeled, true to name*, and all *are of the same size as those sent from our general list. The choice of varieties must invariably be left to us*, the purchaser simply naming the number of collection or set desired.

PRICE ONE DOLLAR PER COLLECTION.

☞AT THESE LOW PRICES NO DIVISION OR CHANGE CAN BE MADE IN THE COLLECTIONS.

No. 1.—15 Ever-blooming Roses. In 15 varieties, best adapted for open-air culture, all delightfully fragrant, continuous bloomers, and embracing some of our best standard sorts; with this collection we include the superb crimson Rose, Meteor.

No. 2.—10 Hybrid Perpetual Roses. 10 different varieties of the richest colors, entirely hardy and very fragrant; with this collection we include one plant of Dinsmore.

No. 3.—14 Assorted Plants, embracing 3 Carnations, including American Flag; 3 superb new Double Geraniums; 3 new Chrysanthemums; 1 new Begonia; 2 Ever-blooming Roses; 1 Hibiscus; 1 Plumbago Capensis Alba. At list prices this collection amounts to $2.25.

No. 4.—14 Plants for Out-Door Culture. 3 Hybrid Perpetual Roses; 2 fragrant Tea Roses; 1 Achillea Alba; 1 Iris Kaempferii; 1 Iris Germanica; 1 Helianthus Multiflora Plena; 2 new Chrysanthemums; 1 Plumbago Larpentæ; 1 Hardy Phlox; 1 Hyacinthus Candican. At list prices this collection amounts to $2.15.

☞ NOTE.—Although collections 3 and 4 are such marvels of cheapness, please remember that the plants sent are up to our usual high standard.

No. 5.—10 Fine Selected Hardy Shrubs, including Hydrangea Grandiflora.

No. 6.—32 New Excelsior Pearl Tuberoses. These are all choice flowering bulbs, and sure to bloom. We have a magnificent stock and hope to fill all orders.

No. 7.—24 Superb New Seedling Gladioli, no two alike, of magnificent colors, with immense spikes of bloom. ☞ The purchaser, if desired, can divide collections 6 and 7, and have instead sixteen bulbs of New Excelsior Pearl Tuberoses and one dozen Superb Seedling Gladioli. In no other bulbs would one dollar return so much in brilliant beauty and delicious fragrance. ☜

FIFTY-CENT COLLECTIONS, BY MAIL, POSTPAID.

☞ All the plants in the following collections are carefully selected, distinctly labeled, and true to name. ☜

THE CHOICE OF VARIETIES MUST INVARIABLY BE LEFT TO US.

No. 14.—15 Assorted Bulbs, embracing 3 superb new Seedling Gladioli; 5 Excelsior Pearl Tuberoses; 3 Hyacinthus Candicans; 3 Tigridias (three varieties), and one Apios Tuberosa.

POLYANTHA OR FAIRY ROSES.

The new Polyantha Roses are a beautiful class of ever-blooming Roses from Japan, and although a few varieties were introduced some years ago they have not been generally planted. Uniting, as they do, hardiness with fragrance and constant bloom, we know of no more satisfactory plant for general use. The flowers are very small but perfectly formed and are produced in clusters of from ten to twenty-five beautiful Roses.

GEORGE PERNET. Flowers bright rosy pink, of medium size, with petals beautifully rayed and reflexed; soft and pleasing in color and fragrant.

MIGNONETTE. Very small flowers, about one inch in diameter, color delicate rosy flesh, fading to pure white; dwarf, slender growth.

GLOIRE DE POLYANTHA. A beautiful dwarf variety, with small cup-like flowers. A real "*Fairy Rose.*" The color is a bright, rosy pink, with a red ray through each petal. This rose is very distinct and beautiful, flowering in large clusters of from twenty to twenty-five flowers each. For growing in pots for winter blooming no plant can surpass it in delicate coloring, freedom in bloom, or delicious fragrance.

PERLE D'OR. Orange salmon; exquisite buds of perfect form; very small; a general favorite.

MINIATURE. The smallest of all roses. The beautiful white flowers are only about the size of a dime in diameter, very double, and the petals beautifully reflexed.

MAD. CECIL BRUNER. Plant grows nearly two feet in height; the strongest of the class. Fine for flower beds or borders; beautiful clusters of double flowers of a rosy pink, with creamy white edges.

ETOILE D'OR. A new Polyantha resembling Perle d'Or, excepting in color, which is deep chrome yellow. A dainty beauty that will win its way wherever planted. 20 cts. each.

PRICE 15 CTS. EACH, or we will mail the set of seven for 75 cts., postpaid.

PERNET'S TRIUMPH.

A grand new Hybrid Tea Rose of a bright-red color, shaded with carmine. The habit of growth is strong and vigorous. The buds are extra large and pointed, and are produced singly on long stems. A splendid new Rose either for Cut Flowers or for Bedding. 25 cts. each; 5 for $1.00, postpaid.

For 50 Cts. we will send one strong plant each of PERNET'S TRIUMPH, CHRISTINE DE NOUÉ, and MADAME PERNET DUCHER—three of the best new Roses—for only 50 cts., postpaid.

PERNET'S TRIUMPH.
